NOTES

- This 1099-NEC and 1099-MISC Sage 100 2020 Scanco Program Fix is only applicable to Sage 100 2020 version 6.20.0.1 with
 - Sage Production Management 2020 (6.20.0.1.0)
 - Sage Operations Management 2020 (6.20.0.1.0)
 - Scanco Multi-Bin 2020 (6.2001)
 - Scanco Multi-Bin for Sage Operations Management 2020 (6.20.0.1.0)
 - Scanco Mobility for Barcode 2020 (6.20.0.1.0)
 - Scanco Mobility for Barcode for Scanco Multi-Bin 2020 (6.20.0.1.0)
 - Scanco Mobility for Barcode for Scanco Multi-Bin for Sage Production Management 2020 (6.20.0.1.0)
 - Scanco Mobility for Barcode for Scanco Multi-Bin for Operations Management 2020 (6.20.0.1.0)
 - and/or all other Scanco products or enhancement solutions.
- The program fix only needs to be applied once per Sage 100 2020 installation, regardless of the number of installed Scanco products or enhancement solutions.
- Install the Program Fix on the Sage 100 2020 Server.
- After installing the 1099-NEC Sage 100 2020 Scanco Program Fix, it is not a requirement to install Sage 100 2020 Product Update 1 to print 1099 forms.
- A utility is available on the Sage 100 2020 installer to allow customers to move data already updated in year 2020 from the 1099-MISC Form Box 7 Nonemployee Compensation to 1099-NEC form Box 1 for years 2020+. This utility is only to be used if 2020 1099 MISC boxes were created based on the 2019 109 MISC boxes and payments were updated. Refer to the Sage Knowledge Based Article [103480](#) for more information.
- Contact your authorized Sage Production Management partner or the Sage Support department at 866-996-7243 or <https://customers.sagenorthamerica.com> for assistance.
