STATEMENT LIGHTING

Statement lighting fixtures offer form and function, illuminating living space as well as serving as a unique piece of art, setting the tone for the home in a bold way.

MULTI-FUNCTION SPACES

With many people continuing to work from home, it's important that your space can serve multiple needs. A small office space can also serve as a guest room, or a separate living area.

3.

NATURAL MATERIALS

Natural, repurposed, and sustainable materials look chic, and are an eco-friendly way to approach interior design.

VINTAGE FINDS

Vintage décor, such as furniture, fixtures, and accent pieces, bring an aesthetic of individuality to your home.

4.

5.

SHADES OF GREEN

The most down-to-earth color is appearing every where on trend lists for 2022. Why? Green evokes feelings of balance and harmony, renewal, growth, and abundance.

BLACK ACCENTS

Black accents add punctuation, draw the eye, and create dimension. Adding in black to an otherwise neutral room, is a classic and timeless way to provide a bold contrast in your space.
