THERA-P™ TRACTION TABLE

Comprised of 4 or 6 sections, the Thera-P Traction Tables use electric power to help with manual adjustment, allowing for ease of use and control of table positioning. For the practitioner, the Thera-P Traction Table offers a 20-37" full height adjustment and section mobility so the patient can be placed in the proper position for maximum results with minimum effort. Each section is adjustable, providing numerous achievable patient positioning options.
