# About Wagepoint.

Wagepoint is simple payroll software built just for small businesses and backed by the world's friendliest team.

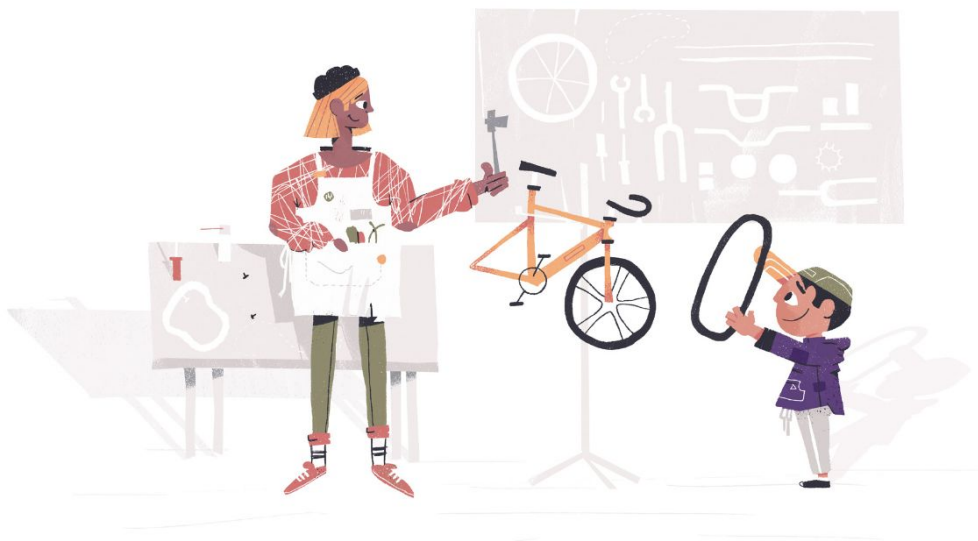

Our online software was created just for small businesses, automating the most time-consuming parts of payroll so that our customers can get back to doing literally anything else.

# Story time

## Small business owners are our heroes.

- Community builders
- Innovators
- Economic contributors
- Subject matter experts
- Go-getters
- Employers
- This list can go on and on...

Let's take one of the most complex back office processes off your plate!

# Poll question

**How familiar are you with Wagepoint?**

- I've never used Wagepoint
- I'm new to Wagepoint
- I know Wagepoint very well

# Make payroll easy with Wagepoint.

## Why life is better with Wagepoint:

- **One click.**  
Enter your data once, then approve.
- **We do it for you.**  
Enable the feature and we take it from there.
- **Let your employees help themselves.**  
Our secure online portal makes it all possible.
- **Use direct deposit.**  
Send the money right to your employees' or contractors' bank accounts.
- **Set it and forget it.**  
If your payroll can run itself, let it.
- **Use leading integrations.**  
Including Xero and QuickBooks Online.

## Why do-it-yourself doesn't work:

- **Spreadsheets and calculators.**  
Is this really how you want to spend your time?
- **Handling all your payroll taxes yourself.**  
But, why?
- **Spend hours reprinting paystubs.**  
You have better things to do.
- **Get carpal tunnel writing paper cheques.**  
Retire your checkbook and rehab your wrist.
- **Run the same payroll over and over.**  
Like pushing the same rock up the same hill?
- **Cobble together makeshift solutions.**  
You really don't have to do it the hard way.

## Wagepoint walkthrough.

- Running payroll
- Adding an employee or contractor
- Overview of setup
- Account settings
