

# Enable Calls in Microsoft Teams using your existing PBX phone system or SIP Trunks.

Call2Teams™ is a simple add-on to Office 365 that connects Microsoft Teams to any PBX phone system or SIP Trunk in minutes allowing making and receiving calls on any device using Microsoft Teams on any device.

## What is Call2Teams™?

Call2Teams™ from Qunifi is a cloud service that connects Microsoft Teams to any existing on-premise or cloud PBX phone system or SIP Trunks. There's no hardware or software to install and it can be set up in minutes. Now you can bring all users under one collaboration platform by using Microsoft Teams for collaboration, messaging and voice across all devices.

## Full Teams Experience

- Add calling to teams to increase productivity
- Work on desktop and mobile to free your workforce
- The native Teams calling experience is familiar to users

**Get the best of both worlds**

## Simple Deployment

- Keep your existing phone services with all the features you rely on
- No hardware or software to install
- Only enable the solution for users and groups that need it

**Can be deployed in hours across the globe**

## Enterprise Level Service

- Global infrastructure in Microsoft Azure
- Around the clock monitoring and support
- Enterprise grade encryption and security built-in

**Low risk, non-disruptive, cost effective.**

## Why customers use Call2Teams™

- Enable Calling in Teams experience without needing any hardware or software
- Use your existing phone system PBX, SIP Trunks, numbers and facilities. No disruption. Any call center or compliance features stay as they are
- A simple monthly subscription cloud service that can be delivered to selected users

"Call2Teams™ enabled us to deliver a great calling experience to our Office 365 Teams users without compromising on our current call management tools. And it was set-up in record time."

Tarryn Magistrelli. Finance & Operations Manager, Futerra Sustainability Communications
