Getting rid of what you don't need to make room for what you do. Plus, we'll do all the heavy lifting to break down and remove unused pieces, all to make your space ready for what's next!

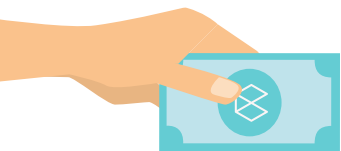

HOME DELIVERY

You want your team to be comfortable and productive while they're working remotely, but their ergonomic furniture is back at the office. Put these workplace assets to good use, and get them safely and properly delivered to each teammate's doorstep - all while keeping track of it using our data-driven technology, Asset Inventory Management!

DONATE

Our communities are important to us, and we'll work hard to find a new use for your pieces that's truly helping an organization in need.

BUY BACK

In some situations, we can even buy back or help sell your furniture, putting more money in your pocket to help you make the changes you need to your space!
