We're heading to Alaska for the trip of a lifetime! Olivia is thrilled to partner with UnCruise once again for our 8-day/7-night trip in Alaska. In true expedition style, you'll wake to the cry of soaring eagles, watch ice thunder from the face of a glacier, and see dramatically cascading waterfalls. You'll enjoy skiff rides and kayaking in Glacier Bay, whale watching (and maybe experience the whales 'Bubble-Feeding') and learning about Alaska's rich Native American heritage. We'll even spend two full days in Glacier Bay National Park, accompanied by a Park Ranger. Imagine kayaking along Alaskan glacier icebergs and amongst friendly sea lions. Our small ship will stop at inlets the big ships can't reach, giving you access to amazing natural wonders. The Naturalists on board will share their knowledge of the area we're exploring and the wildlife we see.

Friday, August 6, 2021 | Juneau, Alaska (Embark)

Arriving in Juneau, you will be transferred from the airport to our hospitality area before boarding the ship later that afternoon. Upon boarding, your crew greets you with champagne and smiles. Set sail for a week of scenic channels and secluded wilderness.

Saturday, August 7, 2021 | Endicott Arm and Dawes Glacier

The large cruise ships don't usually venture into Endicott Arm, a pristine tidal inlet and fjord marked by rugged mountains, deep u-shaped valleys, and towering waterfalls and widely acclaimed as the most beautiful in Alaska. Explore by kayak or skiff and view rugged ice-covered mountains gleaming high overhead and the actively calving, awe-inspiring Dawes glacier, which is like a river frozen in time, snaking its way down through the massive mountains.

Sunday, August 8, 2021 | Icy Strait and Cross Sound

Today's the ultimate day of exploration. Set your course for arguably the richest whale waters in Southeast Alaska. Keep watch for the telltale blow of the humpbacks as you scour the nutrient-rich waters in search of whales, porpoise, sea lions, and other wildlife. Join the Captain on the Bridge or go on deck with your Expedition Leader. Late afternoon, we'll drop the skiffs and kayaks for closer inspection of the remote coastline with eyes set on shore for possible bear sightings. This evening take in the solitude while relaxing in the upper deck hot tub or enjoy a nightcap with your fellow Olivians in the Salon.

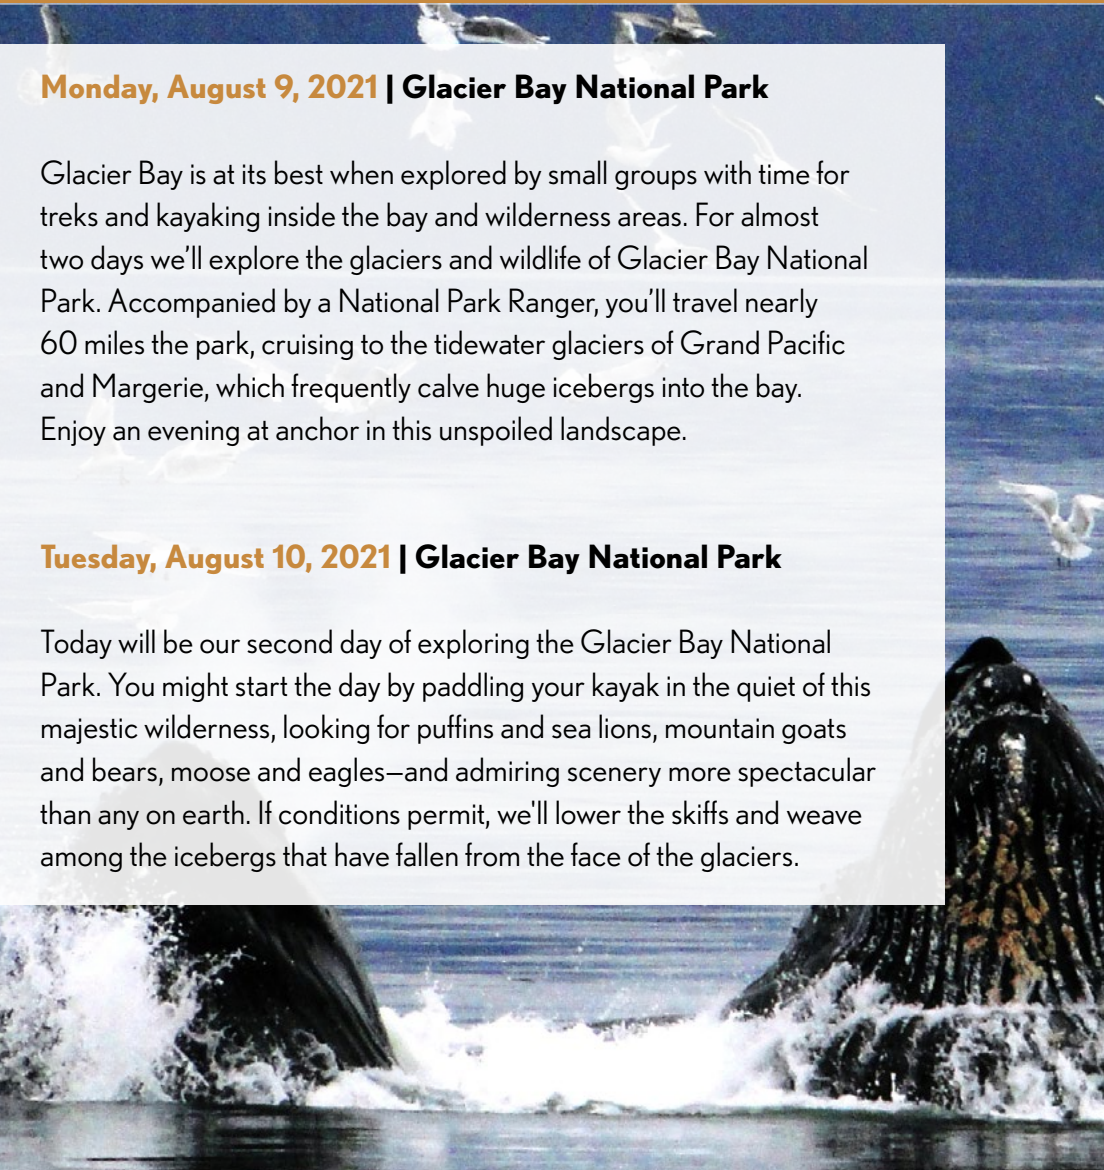

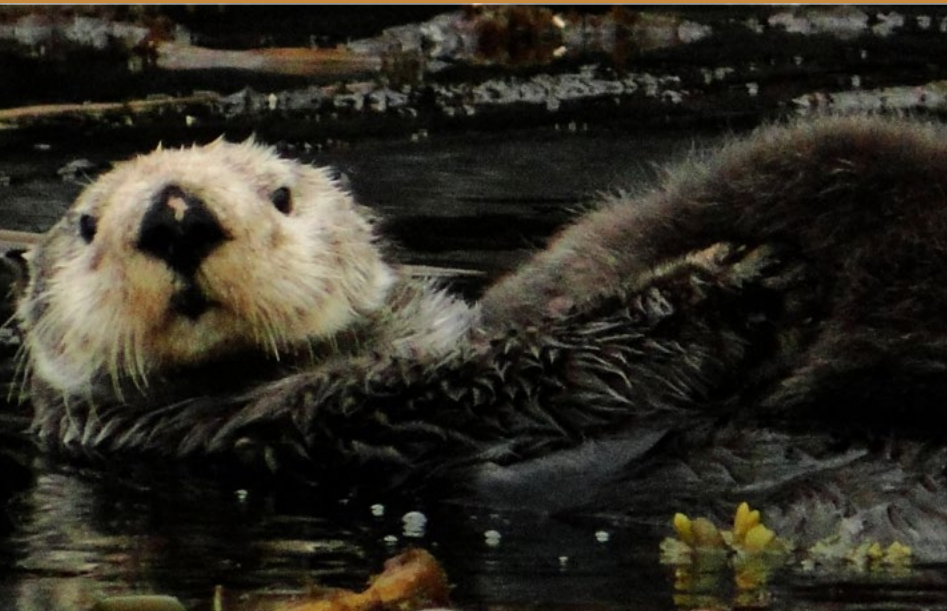

Monday, August 9, 2021 | Glacier Bay National Park

Glacier Bay is at its best when explored by small groups with time for treks and kayaking inside the bay and wilderness areas. For almost two days we'll explore the glaciers and wildlife of Glacier Bay National Park. Accompanied by a National Park Ranger, you'll travel nearly 60 miles the park, cruising to the tidewater glaciers of Grand Pacific and Margerie, which frequently calve huge icebergs into the bay. Enjoy an evening at anchor in this unspoiled landscape.

Tuesday, August 10, 2021 | Glacier Bay National Park

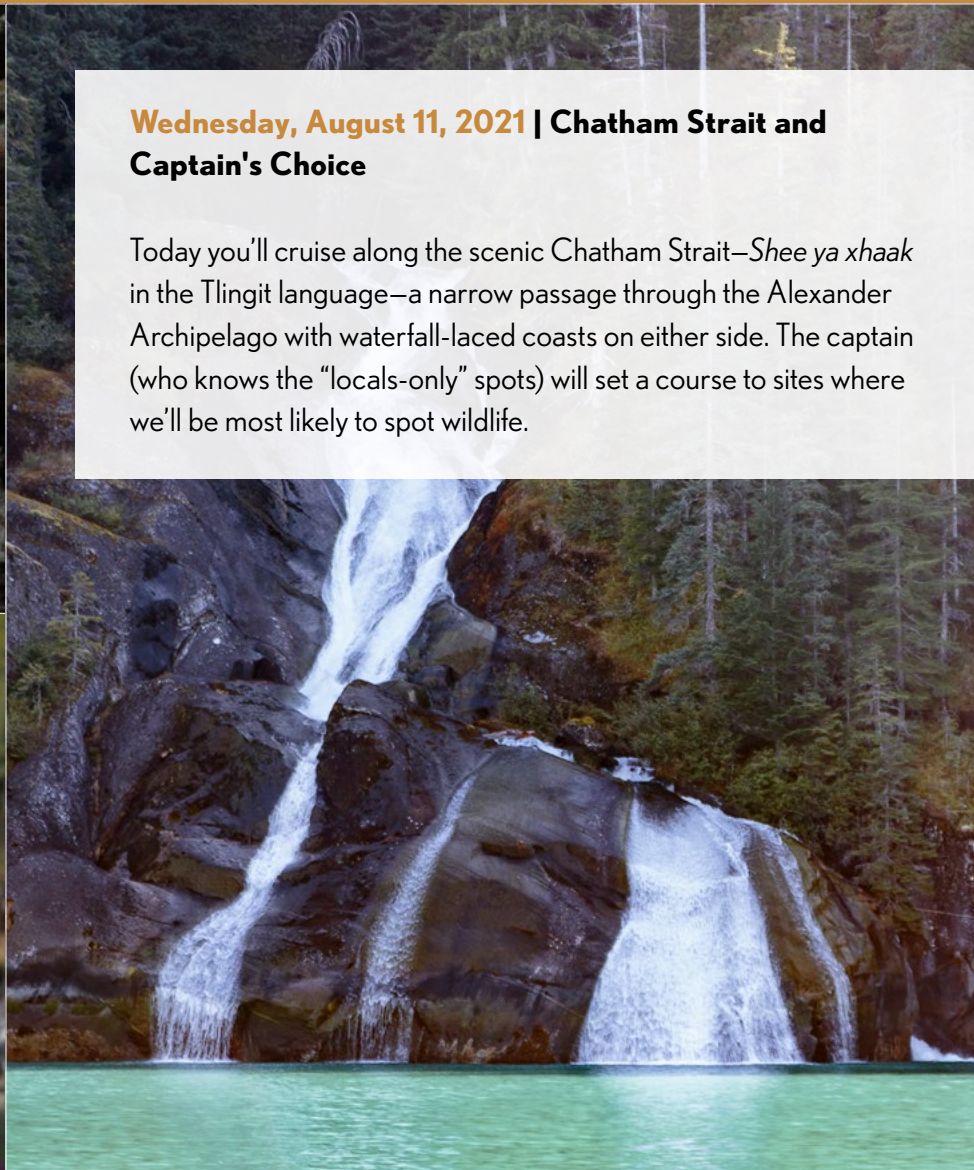

Today will be our second day of exploring the Glacier Bay National Park. You might start the day by paddling your kayak in the quiet of this majestic wilderness, looking for puffins and sea lions, mountain goats and bears, moose and eagles—and admiring scenery more spectacular than any on earth. If conditions permit, we'll lower the skiffs and weave among the icebergs that have fallen from the face of the glaciers.

Wednesday, August 11, 2021 | Chatham Strait and Captain's Choice

Today you'll cruise along the scenic Chatham Strait—*Shee ya xhaak* in the Tlingit language—a narrow passage through the Alexander Archipelago with waterfall-laced coasts on either side. The captain (who knows the “locals-only” spots) will set a course to sites where we'll be most likely to spot wildlife.

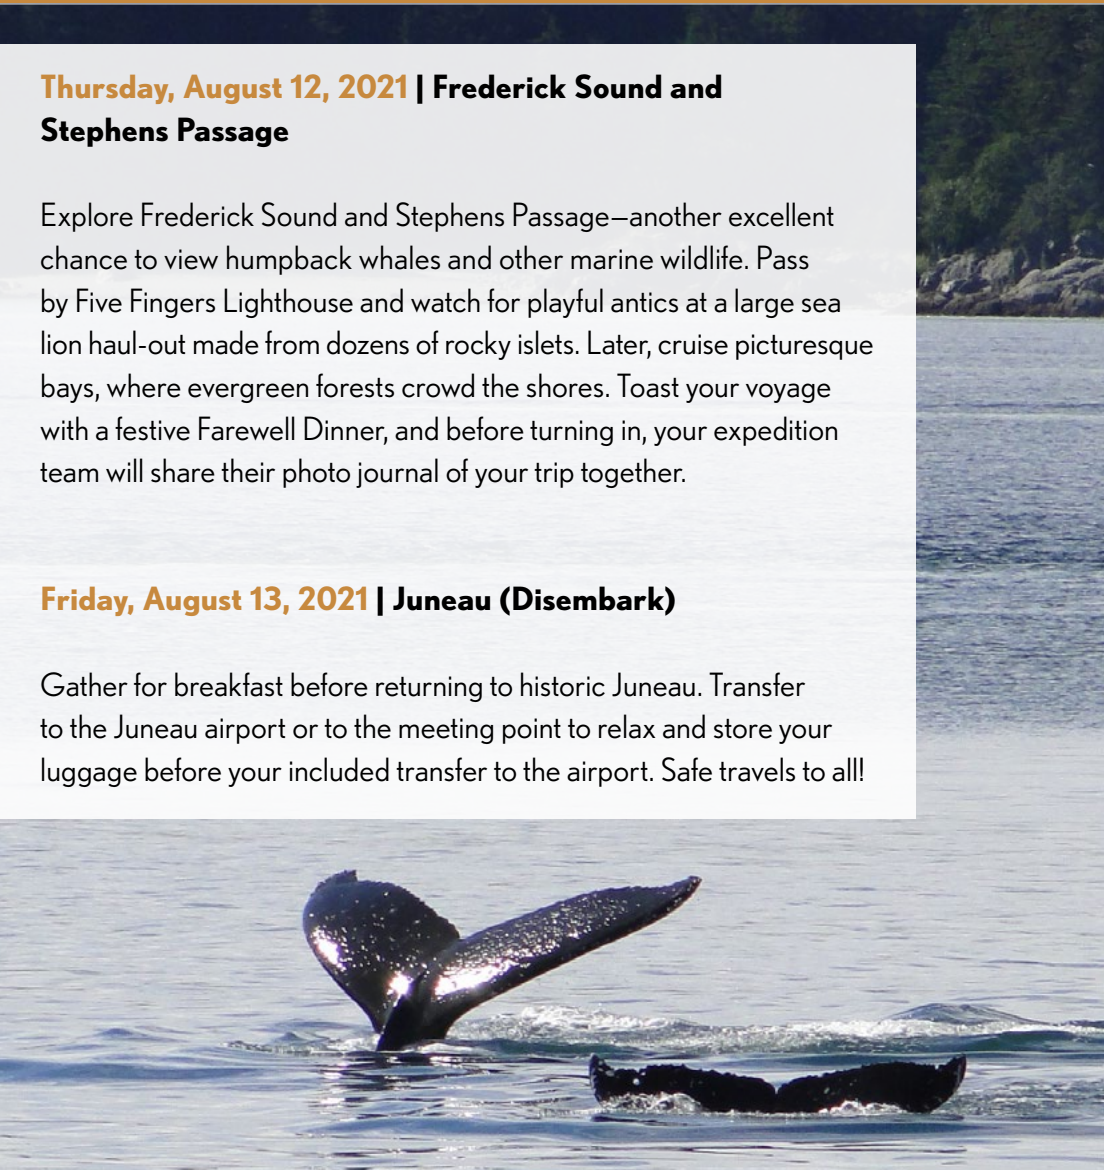

Thursday, August 12, 2021 | Frederick Sound and Stephens Passage

Explore Frederick Sound and Stephens Passage—another excellent chance to view humpback whales and other marine wildlife. Pass by Five Fingers Lighthouse and watch for playful antics at a large sea lion haul-out made from dozens of rocky islets. Later, cruise picturesque bays, where evergreen forests crowd the shores. Toast your voyage with a festive Farewell Dinner, and before turning in, your expedition team will share their photo journal of your trip together.

Friday, August 13, 2021 | Juneau (Disembark)

Gather for breakfast before returning to historic Juneau. Transfer to the Juneau airport or to the meeting point to relax and store your luggage before your included transfer to the airport. Safe travels to all!
