ACTIVITY LEVEL

This trip requires some mobility without the use of a wheelchair or scooter, This trip does require a level of mobility, as most of the tours are walking tours for up to 3 hours, which may include walking on cobblestone streets and stairs. A 'Gentle Walkers' group is offered on most included walking tours, which accommodates those needing a little extra time and sometimes a shortened version of a tour, keeping in mind as few stairs as possible. If you are bringing a portable wheel chair or collapsible travel scooter, they must be able to collapse and be stored in your cabins. They cannot be used to get around the ship, only to use while off the ship. They may be used on tours that are accessible, but that can be difficult because of the cobblestone streets, stairwells and the need to lift them on and off curbs. If you do have limited mobility, you are required to travel with someone who can assist you to lift the scooters. Elevators go to all stateroom decks, however, they do not reach the Sun Deck where many social activities take place.
