Santiago is the capital and largest city in Chile and sits in a valley on the canalized Mapocho River, surrounded by the snow-capped Andes and the Chilean Coast Range. The city was founded as Santiago del Nuevo Extremo, *Santiago of the New Frontier*, in 1541 by the Spanish conquistador Pedro de Valdivia. Prior to the Spanish settlers taking over and ruling the area, the original inhabitants were the Picunche Indians.

Santiago is a dynamic, sophisticated, energetic, and cosmopolitan city. It has strong European and North American influences in its architecture and culture, but recently, there has been a resurgence of mestizo artisanship, especially in music, theater, painting and literature. It is home to many events showcasing the best of Chilean culture and hosts international festivals filled with music, flavor, and color. It is a city that is filled with beauty, world-class museums, art galleries, handicraft markets, sidewalk eateries, restaurants, bars, cafés, and Latino nightlife in their many barrios!

Don't miss this opportunity to see and experience this diverse and sophisticated city filled with the best of Chilean culture!

Santiago City Highlights & Sky Costanera Tour

Today after you've had a chance to settle into your room, you will go on a city highlights tour to become acquainted with one of the most developed cities in South America. Santiago combines the urban and the classic, in both its architecture and atmosphere. This heritage will come to life through seeing many iconic city sights, such as the Moneda Presidential Palace.

Designed by the Italian designer Joaquin Toesca, La Moneda was originally the colony's mint house, producing coins in Chile from 1814 to 1929, as well as the presidential residence from 1845 to 1930. What were once grand living quarters are now the offices of three cabinet ministers: Interior, General Secretariat of the Presidency, and General Secretariat of the Government.

You will also see The Plaza de Armas, the city's most famous square, surrounded by important and beautiful buildings such as the cathedral and central post office. One of the most important parts of the city is San Cristobal Hill. The hill is one of the Santiago's largest urban parks, topped by a stunning 22-meter (72-foot) tall statue of the Virgin Mary.

Before your tour comes to an end, you'll visit the Sky Costanera observation deck, which offers 360° views of Santiago from atop the 984-foot tall Gran Torre Santiago skyscraper—currently the tallest building in Latin America. Here, you will have time to enjoy the best view of beautiful Santiago.

Tonight you will return to the hotel to get yourself ready for your flight to Punta Arenas in morning and your continued adventure to Patagonia at the Tierra Patagonia Hotel!
