01:19:22 Kathleen Uerz: I like that idea, I used to do a Open Tech Session each month, so many people attended, we covered needs

01:19:40 Eileen Heller: For any Office 365 districts- Microsoft Bookings has been great for our principals and other support staff for providing time for staff to book with them. I am finding it works better than "open office hours" as they have a specific 1:1 time with a purpose.

01:25:15 Marty Chaffee: Regarding videos: We need videos of real teachers teaching. NOT demonstrating or telling us what to do and how to do. We also don't need videos so polished and produced at a level that it seems impossible to achieve.
