

ROFF[®] MILLING

MACHINES THAT DRIVE SUCCESS

HAMMER MILL SHM 845

Fine Product Production

Power-efficient, compact and easy-to-use,
the SHM 845 Hammer Mill is ideal for
large volume, fine product milling.

MACHINES THAT DRIVE YOUR BUSINESS

Performance (application dependent)

Maize meal per screen size at 30kW	1mm	@ 750 - 900kg/h
	1,6mm	@ 1500 - 1800 kg/h
	3mm	@ 2500 - 3000kg/h
	6,35mm	@ 3500 - 4000kg/h
Motor	V-Belt Driven Min. 30 kW @ 380V (Project Dependent)	
Products	Maize Meal, Sorghum, Barley, Millet, Rice, Oats and various low fat, low moisture level products	

Highlights

- > Low power consumption
- > Changeable screens for multiple product applications and easy cleaning
- > Feed Roller for precision load balancing and even spread
- > Bi-Directional Rotor reduces wear and extends the hammer parts lifespan
- > Easy installation
- > Minimum maintenance required
- > Low noise levels
