

# Most Popular Specialty Additives

*Kustom Wax Additives*

## **Blanket Release, Non-Piling Additives**

KBW-7026	Lubricant Compound for Idle Rollers (dead unit compound)
KBW-6490D	Petrolatum Tack Reducer and Blanket Release Additive
KB-750	Kentucky Lube (activated by fountain solution for non-piling)
KBW-7051D	Wax Paste Tack Reducer (adds lubricity, reduces picking)

## **Vegetable Oils and Ester Solvents**

KB-151	Alkali Refined Linseed Oil
KB-152	Chinawood (Tung) Oil
KB-158	Alkali Refined Soya Oil
KB-99	Fatty Acid Ester Solvent

## **S. F. Gelled/Bodied Tack Reducers**

KB-746	Gelled Linseed Oil Tack Reducer
KB-793	Gelled Soya Oil Tack Reducer
KB-783	Gelled 52 Oil
KBW-7015D	Pomade Tack Reducer (lowers tack without adverse effect on viscosity)

## **Anti-Misting Bodying Compound**

KB-784	Anti-Misting Compound for Oil Base and Hybrid
KB-767	Liquid "Body Builder" (Use in place of dry additives)
KB-147	Dry Talc

## **Anti-Skinning**

KB-724	BHT Cut in Soya Oil
KB-780	HQMME
KBW-5124	Hydroquinone

## **Anti-Offset Additive**

KBW-7045D	Anti-Offset Compound
-----------	----------------------

## **Driers**

KB-144	Non-Yellowing Drier Compound
KB-154	6% Manganese Drier
KB-167	12% Cobalt Drier
KB-145	Moisture Activated Drier
KB-170	Cobalt Free Drier

## **Water Pick-Up Control**

KBW-8280	Water Block – Water Pickup Reducer
