All in One Solution

BENEFITS OF EDGE COMPUTING

Give your IT staff more control and the ability to leverage data in near real-time

Enriched Experiences	Improved Performance	Faster Downloads	Increased Security & Compliance
Ease of manageability & self control management at the edge	Lower latency and jitter while shortening response times	Up to 80% faster downloads	Zero Trust Security with an end-to-end eco-policy

And with a cost-savings of up to 60% over three years versus cloud-only computing

EDGE COMPUTING FOR HEALTHCARE PROVIDERS

- **Patient Monitoring:** Medical devices such as pacemakers
- **Rural Medicine / Telemedicine:** Portable IoT healthcare equipment
- **Health Metrics Tracking:** Wearables and connected apps
- **Patient Health Records:** More informed data
