Intelligent Scheduling:

How Quickly Can Admin Staff Book a Job?

With and Without Intelligent Scheduling

WITHOUT VS WITH

WITHOUT

1 Work out which engineers could handle this type of job

2 Scour your diary for a suitable gap to fit the job

3 Try to work out if the driving time between the jobs will work out using

4 Make sure that appointment matches the engineer's shift times

5 Customer says "I can't do that

6 Repeat the process... whilst the customer waits

10 MIN

WITH

1 Add the job against the customer in the system

2 Click to book a 'suggested appointment'

Book

**3** Within seconds, see the most efficient slots available, factoring job length

**4** Only engineers with the correct skills and shift availability are shown

March
Su	Mo	Tu	We	Th	Fr	Sa
30	01	02	03	04	05	06
07	08	09	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
