

Employment opportunity

Research Manager, London

Your skills and experience

At least 4 years of experience in market research with healthcare experience (or experience in other research sectors). Appreciation of marketing / client side issues. Self-motivated and able to work independently. Good communication skills - both verbal and written. Ability to multi task under pressure and to tight deadlines.

Your primary role

Your responsibilities will include managing 2 to 3 projects at a time to meet objectives, whilst being an important point of contact for the clients. You will prepare and present the majority of client presentations. You will support senior management in training and management of junior staff. You will also help write proposals brought in by the directors and implement the project that you will then run on a daily basis.

Further information

This is a full time role (37.5 hours a week), based at our fantastic HQ location in Fulham Green, directly opposite Putney Bridge in London, which boasts free state-of-the-art gym with showers, on-site café, outdoor cinema, panoramic river views, landscaped gardens and regular social events.

About Research Partnership

We are the largest independent healthcare market research and consulting agency in the world. Trusted partner to the global pharmaceutical industry, we use our expertise and experience to deliver intelligent, tailor-made solutions.
