

Employment opportunity

Senior Fieldwork Executive, London

Overview

The Senior Field Executive will have a key involvement in all stages of projects' fieldwork. At this level the focus is on developing market specific expertise. Senior Field Executive will also gain management skills overseeing the work of more junior Field team members.

Key Responsibilities

Compliance

- Sending out up to date compliance training materials to sub-contractors (agencies and freelancers) and ensuring certification is completed at commissioning stage.

Proposals

- Sourcing, obtaining and negotiating costs from external suppliers and panel providers for RP proposals (= providing accurate quotes and confirming feasibility to proposal writers before deadlines)
- Updating suppliers on the status of their quotes
- Quality checking quotes and costs for proposals from junior team members.

Fieldwork management

- Responsible for day-to-day liaison with fieldwork agencies, and project managers
- Source and commission freelancers for RP projects
- Act as main contact/bridge between project research team and fieldwork agencies
- Negotiate costs with external partners and confirm final costs on commissioning
 - Responsible for Quality Control of quotes submitted to Senior Management

- Manage Fieldwork agencies – ensure they are kept informed of all timelines and furnished with relevant information/paper work:
 - Create Service Agreement Contracts for agencies
 - Ensure that agencies are up to date with compliance requirements
 - Set up central locations using checklist i.e. FocusVision, schedule
- Send weekly recruitment updates to Research Executive/ Senior Research Executive.
- Manage all fieldwork requirements and troubleshoot field problems: proactively answering fieldwork queries regarding sample, timings or any project related issues, suggesting solutions and coming up with alternatives, anticipating project's steps, contributing in projects related meetings, challenging team if anything is unclear, etc.
- Ensure all fieldwork is conducted to time and budget and all agencies achieve the RP deadlines
- Responsible for monitoring costs during fieldwork
- Update the costs and commissioning sheet
- Collect, check and process supplier's invoices with PM/Directors' approval.

Fielding expertise

- Act as main point of contact for internal clients on markets' specifics (local compliance regulations, best target audiences per therapy area, best practices on methodology, best suppliers network).

Suppliers management

- Collating feedback on suppliers during project for final debrief
- Meet monthly with FMT (Freelance Management Team) to review freelancers' availability and discuss performances
- Helping RP Field manager to source third party suppliers.

CRM

- Update agencies and freelancers' info, rate agencies.

Team support

- Mentor / line management of junior members of RP Field / delegation of appropriate tasks
- Supporting more junior Field members in troubleshooting fielding issues.

Non-project related activities

- Engaging in office life in general:
 - on a practical level, e.g. picking up ringing telephones, maintaining common areas
 - on a social level
- Support / help run internal training courses.
