
Employment opportunity

Senior Research Executive, London

Your skills and experience

More than 2 years of experience in market research (ideally healthcare but can be other market research sectors). Strong project management skills. Ability to work under pressure and to tight deadlines. Attention to detail.

Your primary role

Your role will be to oversee the smooth running of 2-3 concurrent projects. With input from your manager you will be writing guides and questionnaires. You will conduct depth interviews with key respondents and manage central locations with clients present. You will interrogate the findings, helping to write the presentation alongside senior team members. Your job also involves ongoing monitoring of job costs to meet budgets as well as managing junior members of your project team.

Further information

This is a full time role (37.5 hours a week), based at our fantastic HQ location in Fulham Green, directly opposite Putney Bridge in London, which boasts free state-of-the-art gym with showers, on-site café, outdoor cinema, panoramic river views, landscaped gardens and regular social events.

About Research Partnership

We are the largest independent healthcare market research and consulting agency in the world. Trusted partner to the global pharmaceutical industry, we use our expertise and experience to deliver intelligent, tailor-made solutions.
