

Employment opportunity

Research Executive, Singapore

Your skills and experience

Degree holder: no working experience in market research required. Fresh graduates keen to pursue career in market research welcome. Commitment to client service and “getting the job done”. Strong verbal and written communication. Attention to detail. Ability to multi task.

Your primary role

As a part of a project team, you will be responsible for the running projects concurrently on a daily basis. This will involve briefing of, liaison and negotiation with subcontractors (fieldwork agencies, freelancers transcribers, analysers and interviewers); you may conduct face to face and telephone interviews with key respondents; manage central locations; conduct on the spot analysis as well as other qualitative and quantitative analysis and reporting. You will help prepare sections of the final client presentation. You will provide feedback to your Research Manager as well as regular updates to the client.

- You are inquisitive and curious, and want to understand why
- You are proactive with a can-do attitude: able to identify issues and generate solutions
- You are numerate with a high degree of accuracy, but also have a creative side, seeking out novel solutions to client problems
- Singaporeans/ Singapore Permanent Residents preferred

Further information
