

Employment opportunity

Director - MedTech, Philadelphia

Your skills and experience

Significant experience in market research and deep understanding of the healthcare industry, with particular emphasis in medical device/diagnostic device global markets. Have demonstrable strengths in leading projects and client management. A desire to develop new business and grow accounts, with the ultimate aim of growing your own client base.

Your primary role

You will co-chair the highly successful MedTech division, partnering with the division Head to ensure the growth, development and management of the team. You will provide leadership direction and management expertise in terms of growing and sustaining the business through the development and execution of group strategies, product development and sales growth plans.

Further information

This is a full-time role, based in our US HQ in Horsham, Philadelphia, a suburb about 30 minutes from Center City. We offer formal as well as on-the-job training, competitive salaries, and opportunities for internal advancement, health benefits, and a 401K plan with company contributions. If you have the drive and dedication, the sky's the limit!
