

## July 2020 COVID-19 Client Update

New MA Travel Restrictions and Updated Fitness for Service Requirements

Hello Valued NE-ABA Client,

We hope all clients and their families are doing well, staying healthy, and enjoying a bit of this summer weather. We have a COVID-19 update from the state of Massachusetts to share with you.

Due to updated <u>travel restrictions</u> put in place by Governor Baker, our Fitness for Service Requirements have been updated. Please see the updated language in the second screener on this document as it relates to anyone traveling back to Massachusetts from certain areas outside of New England.

We have uploaded the Fitness for Service infographic to the <u>COVID-19 Landing Page</u> on our website for you to view when convenient. Our staff have also been updated on these new Massachusetts COVID-19 imposed travel restrictions and will be adhering to the same updated Fitness for Service Requirements.

If you have any questions do not hesitate to contact your Clinical Supervisor or your regional office at 866-926-4345.
