Construction and Traffic Update

Week of Jan. 10, 2021

See below for this week's traffic impacts and upcoming work. Nighttime only work is **purple**.
View all current traffic impacts on the interactive [map](#).

Expect ramp closures overnight. Consecutive ramps will not be closed at the same time. Detour to the next ramp.

Construction activities are weather and site-condition dependent and schedules are subject to change.

See Permanent Closures [Here](#)

Nighttime general construction the weeks of Jan. 10 and Jan. 17, 2020 will occur at the following locations:

- Brighton Boulevard and I-70 interchange
- 46th Avenue and Union Pacific Railroad crossing
- I-70 and 46th Avenue between York Street and Colorado Boulevard
- Colorado Boulevard between 44th and 48th avenues
- I-70 between Colorado Boulevard and Quebec Street
- Stapleton Drive (north and south) between Colorado Boulevard and Quebec Street
- I-70 between Quebec Street and I-225 interchange

Construction activities will be happening day and night. Activities that occur overnight will be within the noise variance limits of 75 decibel hourly average with an allowable spike up to 86 decibels. To make a complaint about construction noise or vibration during the night, call the 24-hour hotline at 833-C70-INFO (833-270-4636). DDPHE regulates the noise variance and residents may also call the city at 3-1-1. There is additional information about the [variance here](#).
