*"I really appreciate all of your hard work and having great partners like you. It is refreshing to work with a vendor who is a true partner and who works together to take care of integrators and end users. This is why I really enjoy working with Talkaphone."*

- TESS SCHORR

**ANIXTER**

Hi << Test First Name >>,

Thanks for stopping by the Talkaphone booth at the annual sales event in Jacksonville earlier this week. We value our long-standing partnership with Anixter and look forward to continued success.

As we discussed, Talkaphone's Blue Light Emergency Phone, Area of Rescue, and IP intercom solutions are deployed in Education, Healthcare, Government, and Corporate facilities throughout the U.S. I've included a link to our [Master Catalog](#) to give you an overview of our solutions, and to confirm a date for a Talkaphone demonstration please contact me directly. Our network of local representatives can visit you and your team for training.

**Bob Shanes**

*Vice President- Sales*
