THE LEADERS IN SECURITY AND LIFE SAFETY COMMUNICATIONS

**K-12 SECURITY & LIFE SAFETY
COMMUNICATIONS SOLUTIONS**

SAFETY FOR YOUR SCHOOL INSIDE AND OUT

WHEN IT COMES TO SCHOOL FACILITIES AND CAMPUSES, NOTHING IS MORE IMPORTANT THAN THE SAFETY OF YOUR STUDENTS, FACULTY AND STAFF. SCHOOLS TODAY MUST BE PREPARED TO FACE A HOST OF POTENTIAL EMERGENCY AND CRISIS SITUATIONS THAT GO FAR BEYOND THE STANDARD FIRE DRILL. TRADITIONAL NOTIFICATION MEASURES, SUCH AS PUBLIC ADDRESS SYSTEMS, ARE NOT ENOUGH. TALKAPHONE CAN HELP.

From the classroom to the playground, Talkaphone offers powerful instant emergency communication, area lighting, gate access, paging and video surveillance options that your school needs to be safer and stay better connected. In addition, our Wide-Area Emergency Broadcast System (WEBS®) technology provides mass broadcasts and notifications that keep classrooms, offices, buildings, outdoor areas and entire districts connected. By leveraging strong relationships with our WEBS-certified and technology partners, Talkaphone is able to provide a wide range of leading-edge products and best-of-breed solutions for schools across the nation.

Together, we can help protect the safety of students, faculty, staff and visitors at your school — all while providing the peace of mind that comes with comprehensive security. That's the Talkaphone difference.

A young boy with light brown hair, wearing a red long-sleeved shirt and blue jeans, is hanging upside down from a thick wooden beam on a playground. He is smiling and looking towards the camera. The background shows a sandy playground surface and some trees in the distance.
