

TAKING THE WORK OUT OF WORK

THE WORKS WORKS

HIGH PERFORMANCE FLUIDS
COMPRESSED AIR PRESSURE
SPRAYS & AEROSOLS

INNOVATIVE, EXTREMELY HIGH PERFORMANCE, COST EFFECTIVE AND SAFE

TAKING THE WORK OUT OF WORK

THE WORKS WORKS

THE WORKS WORKS IS A RANGE OF FLUIDS, CLEANERS & OILS DESIGNED TO BE 'BEST IN CLASS'.

ALL ARE DESIGNED WITHOUT RESORTING TO THE USE OF INGREDIENTS & SPRAY SYSTEMS HARMFUL TO THE ENVIRONMENT AND USERS; WHEREVER POSSIBLE...

PRE-WELD MAX

A NEW WELDING FLUID IN A SAFE SPRAY CAN.

Apply a light film before tacking and welding and see the difference:-

- NO SPATTER ADHESION
 - NO FUMING, NO ODOUR
 - NO SCRAPING / CHIPPING
 - NO POROSITY
 - NO CORROSION
 - EXCELLENT VISIBILITY
 - BETTER WELDS
 - EASY CLEANING
 - NO PROBLEMS PAINTING
 - HUGELY REDUCED DRESSING TIMES
 - ERGONOMICALLY BALANCED TIN
 - BIODEGRADABLE, RECYCLABLE CONTAINER
- PRESSURE-SPRAY, NOT AEROSOL:**
- Genuine constant 360° spray compressed air pressure system.
 - Sprays at any angle.
 - Guaranteed 99% product emission around 5 x life of aerosol or handspray. More economical than anti-spatter ergonomically balanced tin.
- 1 litre can (600ml active product)
- SAFE:**
- HEALTH & ENVIRONMENT-FRIENDLY VEGETABLE OIL BASE
 - NO HARMFUL SOLVENTS, NON-TOXIC

The Works range of Industrial fluids, are particularly designed for use in the Welding and Metalworking markets.

The Works is unique in its level of performance and safety. Wherever possible our aerosols use a combination of Compressed Air and safe ingredients, a recipe which is increasingly relevant since the advent of R.E.A.C.H.

Our Weld Spatter control products are acknowledged as the market leaders and are distributed throughout Europe and as far away as Australia and New Zealand.
