WT40DC

40A PLASMA CUTTER

The perfect plasma cutter for carbon steel and aluminium work around the workshop

Powerful - 40A plasma output current - cuts up to 12mm steel

Portable - Only 9.5kg super light weight and portable

Reliable - Cutting edge MOSFET inverter technology

- Plasma cutting up to 12mm steel
- Digital LCD current display for accurate cutting power settings
- 100% duty cycle at 31A
- Lightweight and robust construction - only 9.5kg
- Internal compressed filter/water trap for increased consumable life and cutting.
