BOXED SERVICE PARTS

BOXED SERVICE PARTS PROGRAM

The Dynamic Boxed Service Parts Program offers a number of benefits that can increase productivity and increase profits. Having the right fastener available when you need it reduces service bay down time. Plus, the Dynamic Boxed Program offers considerable savings compared to service parts purchased locally.

Compact Wall Racks Make Parts Easy to Organize and Keep Organized

The Dynamic Boxed program incorporates uniform sized boxes and compact Wall Organizer Racks that keep all of the parts in one place. Wall Organizer Racks are available in two sizes:

No. CAB-2040

- 20"W x 40"H
- Holds 80 boxes

No. CAB-2413

- 24"W x 13"H
- Holds 30 boxes

Plus – it's expandable. New items can be easily added by simply rearranging the boxes – no re-labeling of bins or trays.

The following service parts categories are available in the Dynamic Boxed Service Parts Program:

- Oil Drain Plugs & Gaskets
- Wheel Hardware – wheel studs and lug nuts
- Quick Pick Shop Hardware – nuts, bolts, washers and cotter pins

Boxed service parts are available in pre-determined assortments or they can be selected independently based on individual shop preference and popularity. Buyers guides and application data is available online for the following:

- Oil Drain Plugs & Gaskets
- Wheel Hardware

To access this information go to www.johndow.com

- Dimensions: 4"W x 2"H x 2"D

Color coded boxes identify the different types of service parts making them easy to find on the shelf. A re-order reminder is printed on the back of each box.

Each box is clearly labeled with the size, box quantity, part number and UPC code. Also included is an illustration of the box contents.

Parts are packaged in manageable quantities resulting in minimum investment and quick turnover

Manageable package quantities make better use of inventory dollars.

BOXED SERVICE PARTS

WHEEL NUT & STUD HARDWARE – RECOMMENDED ASSORTMENT

Wheel Hardware Cabinet Assortment
No. DY-WHA-30

Designed for the professional installer

- Top 30 replacement wheel studs and lug nuts and 174 total pieces
- Over 70% coverage for domestic and import cars and light trucks
- Includes the CAB-2413 Wall Organizer Storage Rack
- Additional coverage available. See Wheel Hardware Section.
