Important Safety Information

Read this manual and safety information before using this pump. The following safety information relates to the use of the JDI-17PLP Low-profile oil drain.

DANGER

Indicates a hazardous situation that, if not avoided, could result in death or serious injury.

- Do not overfill - maximum capacity is 17 gallons.
- Do not use for flammable liquids.
- Wear proper personal protection equipment and clothing.

WARNING

Indicates a hazardous situation which, if not avoided, could result in death or serious injury.

- Keep the drain port clear of grease and dirt.
- Monitor the fluid level when filling the drain to prevent overflow or spillage.
- Use care when rolling the oil drain when it is full to prevent splashing or spillage.
- Periodically inspect the screen for debris that may prevent the flow of oil.

CAPACITY AND DIMENSIONS

Product Specification

JDI-FP1

Flow Rate:

4.4 gpm (16.7 L/min)

GETTING STARTED

Before assembly, ensure you have all parts according to the contents list. If any parts are missing or damaged, contact us for replacement.
