JDI-AFT106

10-Gallon Diesel Exhaust Fluid (DEF) Tank

JDI-DEF10

The JDI-DEF10 Diesel Exhaust Fluid Tank easily carries and dispenses DEF fluid and diesel fuel with its rugged polyethylene construction designed to fit in storage compartment of the 106-gallon Carrytank.

This self-contained tank includes a separate 12-volt pump, dispensing hose, and nozzle. It is powered by the same 12-volt source as the Carrytank with a separate power plug so you do not need an additional power cable.
