

Increase Patient Pay

BY IMPROVING PATIENT SATISFACTION

90% of patients

no longer feel obligated to stay with healthcare providers that don't deliver an overall satisfactory digital experience.

I can't tell you what a relief it is to not have to call into my doctor's office and have to repeat over and over again my card number to someone to make a payment. Definitely going to keep using this app!!!"

Patients who are happy with their bill payment options are **OVER 2x MORE LIKELY** than unsatisfied patients to fully pay their medical bills.

AUTOMATED BILLING REMINDERS

71%

of patients say mobile pay and billing alerts improved their satisfaction with a provider.

SELF-SERVICE PAYMENT PLANS

56%

of patients want payment flexibility like payment plans.

THE 5-STAR RATED MOBILE HEALTHCARE WALLET

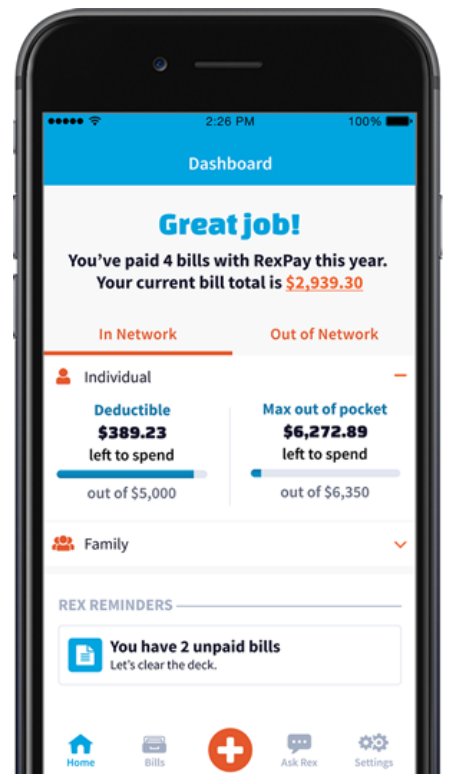

I normally hold off paying medical bills because they are never convenient... Now I won't delay because it's no longer a chore thanks to this app!"

Love that it lets me easily scan my bills in, and then sign up for a payment plan so I don't have to think about it."

Super easy to use and definitely the best way to pay medical bills!! I'm a big fan and I will definitely be encouraging others to sign up!"

The billing experience patients love
