

To install a pattern set take the following steps:

- 1) In Photoshop open the Preset Manager (Edit > Presets > Preset Manager)
- 2) Select "Patterns" from the drop down menu at the top of the Preset Manager.
- 3) Click the load button then locate your .pat file on your hard drive.
- 4) Click Open to install.

(A)

(B)

Applying patterns

Patterns can be applied as a Shape Fill (A) or a Layer Style/Pattern Overlay (B).

Patterns are included in every approved sticky.io color and can be adjusted by the Angle and Scale (C).
