See over for details

Diversey is a market leader in cleaning and hygiene with a UK head office based in Northampton.

The last 18 months has been tough on all of us, in both our personal and business lives. The world has now started to open up again, however, the pandemic is still very much with us.

As we move into the autumn and winter seasons and we battle not just COVID-19 but other nasties, such as seasonal 'flu and Norovirus, we need to remain vigilant, and keep up with good hygiene practices, making sure we keep ourselves and others as safe as possible.

To that end, we are delighted to announce that we will be holding our first Business Community Open day at our Weston Favell offices, to discuss all things cleaning and infection prevention. The British Institute of Cleaning Science (BICSc) will be our special guest on the day.

If you work in food service, retail, beauty, child care, education, Government, hospitality, healthcare or facilities management, this open day is for you.

Please come and join us on the 22nd October between 11.30am and 3pm and get professional advice on how to keep your business safe for you, your staff and your customers.

A free networking buffet lunch will be provided between 12:30pm to 1:30pm. Tea and coffee provided all day.

We want to play our part in keeping Northamptonshire safe and so as an added bonus we will giving away a large amount of cleaning stock: General cleaners, cleaner disinfectants (effective against COVID-19, Influenza, Norovirus etc.), alcohol gel and much more.

We look forward to welcoming you and offering all the professional advise you need in an informal atmosphere.
