

WHAT CUSTOMERS ARE SAYING

"The absolute best product on the market available for dementia patients to remain connected to their loved ones, and your service is impeccable!" - Julie

"I thought your claims of being able to block 100% of unwanted calls was impossible, but I was wrong! What a great service." - Mary

"Your teleCalm system gave our family peace of mind that our mom could enjoy speaking to those on her 'safe contacts' list while being protected from unwanted scam and predator calls." - Gay

"Restricting the time my mother can make calls is priceless. No more 2am phone calls for my wife and me. Add to that the feature that blocks multiple phone calls in short period of time and the teleCalm product is doubly priceless." - Mark

"teleCalm is life-changing for all who need to protect their loved ones from others who prey on the elderly. There is nothing else comparable. I tried using other products but none came close to the ease and flexibility of what teleCalm provides." - Jeanne

"teleCalm Support folks have been great! Always there when I had a question" - Michele

"teleCalm has made this difficult, heart-wrenching dementia journey with my mom just a little bit easier. Giving her the comfort and security of having a phone without me having to worry about her getting scam calls, making late night calls, or attempting to order items she's seen on TV has been priceless." - Vicky

"Gave me my sanity back." - Benjamin
