WHY TAKE THREE DAYS WHEN IT CAN BE DONE IN JUST ONE DAY WITH FOCAL POINT™?

Today's patient has a new set of expectations that require a modern approach. How can we achieve the highest level of quality and esthetic results while reducing the number of patient appointments and procedure time? FOCAL POINT™.

Focal Point™ is able to meet these expectations with our collaborative workflow with an interdisciplinary team approach that increases efficiency while reducing the patients' number of appointments.

Increase Patient Acceptance with a digital workflow that elevates your patients' trust and confidence. We provide you with enhanced patient communication thanks to our patented planning process which allows sophisticated visualization features. Focal Point™ allows Dentist, Laboratory and Patient to plan collaboratively in real-time, giving us the absolute best prosthetic outcome with the designed implant placement.

COMPONENT 1: SURGICAL GUIDE

Whether you need a single implant or multiple, you can trust that our guides are on point.

GUIDED IMPLANT RECONSTRUCTIONS IN 1/2 THE TIME WITH THE EASE AND ACCURACY OF FOCAL POINT™.

COMPONENT 2: CUSTOM ABUTMENT

Why settle with a generic healing abutment when you could give your patient an exact fit.

COMPONENT 3: PROSTHETIC ABUTMENT

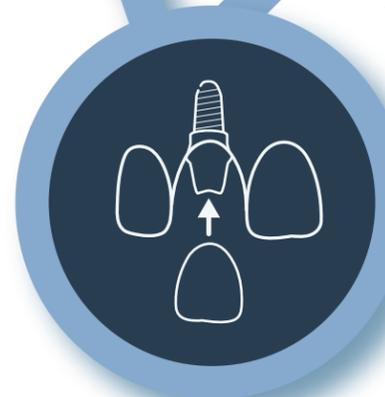

Secure and precise, trust Pittman to deliver you a great product.

WHAT'S IN THE BOX?

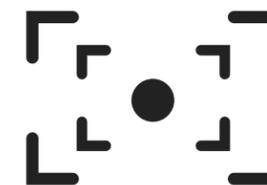

COMPONENT 4: TEMPORARY PROSTHESIS

Send your patient home in a beautiful set of temporary teeth.

COMPONENT 5: FINAL PROSTHESIS

Beautiful, precise and accurate results that will leave your patient smiling.

FOCAL POINT™
