

The Karadent™ Advantage

Semi-rigid microcrystalline polymer for full dentures, semi-flexible partial, clear clasps, frameworks and nightguards

*Pittman Dental Laboratory
is making TCS Karadent™ a
top choice for removable
appliances.*

- Highly aesthetic
- BPA and monomer free
- Maximum strength and durability
- No volume shrinkage-exceptional fit
- Minimal water absorption
- Quick and easy chairside adjustments
- Easy to repair, rebase, and reline with acrylic

Pittman Dental Laboratory | 2355 Centennial Circle, Gainesville, GA 30504 | 800-235-4720 | www.pittmandental.com

The Karadent™ Advantage

Benefits

Economical, aesthetic solution for missing teeth Metal-free

Tips

- 1) For best results use lightweight alginate impression materials.*
- 2) Adjusting Karadent™ is quick and easy. You can adjust using the same techniques as acrylic dentures.*
- 3) Use a carbide bur for making small adjustments and Green Mounted Stones to smooth the area.*
- 4) For a touch-up polish, Blue Hi-Shine polishing paste (item #4215-01) is recommended.*
- 5) Recommend TCS Dental Appliance Cleaner to your patients for optimal maintenance.*

Shades

4 options: Standard, Medium and Dark Pink (Mahari) and Clear

Insurance Codes

D5225 Maxillary Partial Denture

D5526 Mandibular Partial Denture

D5110 Maxillary Complete Denture

D5120 Mandibular Complete Denture

*Combines the unbreakable strength of
nylons with the simplicity of acrylics to
create what technicians and dentists have
been waiting for in removable appliances!
Specify Karadent™ on your lab slip.*
