

WE'RE PROUD TO ANNOUNCE

STENO & LITIFY NOW WORK TOGETHER

Litify and Steno now work together, making it easy to book court reporting services directly on your Litify platform. And our seamless integration provides easy access to your Steno transcripts, exhibits, and video files right from within the "Matters" tab on Litify. That allows you to view all your files in one place, without ever leaving your case management platform.

NEW FEATURES

Steno × LITIFY

01 Book depositions from within Litify

Booking depositions and court reporting through Steno is now available directly from your Litify "Matters" tab. Just add the appropriate information about the job, including next-day or equipment rental needs, and you can book your court reporter or videographer in real time.

02 Access depositions from each Matter

Within each Litify Matter, you'll find a new tab called "Steno Jobs", giving instant access to view and manage all the scheduled and completed depositions for the Matter.

03 View and download files without leaving Litify

With this seamless integration, you can automatically view and download your Steno transcripts, exhibits, and video files directly from within your Litify case management platform.

04 More features coming soon!

Keep an eye out for additional integrations, such as centralized invoicing and downloadable statements of account.
