

Pay your loan now or later

Three repayment options let you make in-school payments or defer until after school. You select what best fits your financial and professional goals.

Deferred repayment option

No scheduled loan payments while you're in school and in grace (36 months after leaving school).⁴

Fixed repayment option

Pay a fixed \$25 amount⁷ every month you're in school and in grace, and you can save on the total loan cost when compared to our deferred repayment option.⁴

Interest repayment option

Pay interest every month you're in school and in grace. Your interest rate and your total loan cost will be lower than with our deferred repayment option.⁴

Learn about paying for medical school

Medical school is an investment in your future. Get tools and strategies to make a plan to pay for it:

- Find medical school scholarships, grants, and fellowships
- Learn about financial aid for medical students
- Understand student loans
- Manage your debt

Get the resources and information you need at salliemae.com/medicalinfo

¹ Although we do not charge you a penalty or fee if you prepay your loan, any prepayment will be applied as provided in your promissory note: First to Unpaid Fees and costs, then to Unpaid Interest, and then to Current Principal.

² Loan amount cannot exceed the cost of attendance less financial aid received as certified by the school. Sallie Mae reserves the right to approve a lower loan amount than the school-certified amount. Miscellaneous personal expenses (such as a laptop) may be included in the cost of attendance for students enrolled at least half time.

³ To apply for this deferment, customers and an official from the internship, clerkship, fellowship, or residency program must complete and submit a deferment form to us for consideration. If approved, the loan will revert back to the same repayment option that applied during the in-school period for up to 12 months. Customers can apply for and receive a maximum of four 12-month deferment periods. Interest is charged during the deferment period and Unpaid Interest may be added to the Current Principal at the end of each deferment period, which will increase the Total Loan Cost.

⁴ Interest is charged starting at disbursement, during school and the separation/grace period, and until the loan is paid in full. With the Fixed and Deferred Repayment Options, the interest rate is higher than with the Interest Repayment Option and Unpaid Interest is added to the loan's Current Principal at the end of the grace/separation period. Payments may be required during the grace/separation period depending on the repayment option selected. Variable rates may increase over the life of the loan.

⁵ Available for loans used to pay qualified higher education expenses at a degree-granting institution. Graduated Repayment Period (GRP) allows interest-only payments for 12 billing periods after principal and interest repayment begins. At the time of the GRP request, the loan must be current (not past due). Customers may request GRP during the six billing periods before and the 12 billing periods immediately after the loan first enters principal and interest repayment. GRP does not extend the loan term. It increases the Total Loan Cost and monthly payments after the GRP will be higher than they would have been without it.

⁶ Borrower or cosigner must enroll in auto debit through Sallie Mae to receive a 0.25 percentage point interest rate reduction benefit. This benefit applies only during active repayment for as long as the Current Amount Due or Designated Amount is successfully withdrawn from the authorized bank account each month and may be suspended during periods of forbearance or deferment, if available for the loan.

⁷ This repayment example is based on a typical Medical School Loan made to a first-year graduate medical borrower who chooses a fixed rate and the Fixed Repayment Option for a \$10,000 loan, with two disbursements, and a 8.54% fixed APR. It works out to 81 payments of \$25.00, 239 payments of \$129.14 and one payment of \$25.17, for a Total Loan Cost of \$32,914.63.

⁸ Based on a comparison of approval rates for undergraduate and graduate borrowers of Sallie Mae student loans available during a rolling 12-month period from October 1, 2017 through September 30, 2018.

⁹ Only the borrower may apply for cosigner release. Borrowers who meet the age of majority in their state may apply for cosigner release by providing proof of graduation (or completion of certification program), income, and U.S. citizenship or permanent residency (if your status has changed since you applied). In the last 12 months, the borrower must be current on all Sallie Mae serviced loans (including no hardship forbearances or modified repayment programs) and have paid ahead or made 12 on-time principal and interest payments on each loan requested for release. When the cosigner release application is processed, the borrower must demonstrate the ability to assume full responsibility of the loan(s) individually, and pass a credit review that demonstrates a satisfactory credit history including but not limited to no: open bankruptcy, open foreclosure, student loan(s) in default or 90 day delinquencies in the last 24 months. Requirements are subject to change. Shortest qualification period based on a December 18, 2019 review of national private loan programs offered by publicly-traded competitors.

¹⁰ Borrowers and cosigners with an available FICO[®] Score and a Sallie Mae loan with a current balance greater than \$0, may receive their score quarterly after the first disbursement of their loan. The FICO[®] Score provided to you is the FICO[®] Score 8 based on TransUnion data, and is the same score that Sallie Mae uses, along with other information, to manage your account. FICO[®] Scores and associated educational content are provided solely for your own non-commercial personal review, use and benefit. This benefit may change or end in the future. FICO[®] is a registered trademark of the Fair Isaac Corporation in the United States and other countries.

¹¹ Explore federal loans and compare to ensure you understand the terms and features. Sallie Mae Medical School Loans that have variable rates can go up over the life of the loan. Federal student loans are required by law to provide a range of flexible repayment options, including, but not limited to, income-based repayment and income-contingent repayment plans and loan forgiveness and deferment benefits, which other student loans are not required to provide. Federal loans generally have origination fees, but are available to students regardless of income.

¹² Federal student loan information was gathered on February 27, 2020 from studentaid.gov.

¹³ No more than 365 days can pass from the loan period end date to the first disbursement of the loan. At the time of request, the student must be enrolled, intending to enroll, or have graduated. The student must have been enrolled during the prior enrollment period for which the loan is requested and must not have withdrawn with no intention of re-enrolling, as verified by the school. Prior enrollment period must also be in a graduate field of study that is eligible for the loan.

Sallie Mae loans are made by Sallie Mae Bank or a lender partner. Information advertised valid as of February 27, 2020.

AY 2020 – 21
For degree-granting institutions

Sallie Mae Medical School Loan

This loan is designed to give you flexibility as you build your career. Plus, there's no prepayment penalty,¹ so you can pay off your loan as quickly as you'd like.

The Medical School Loan can help you pay for your allopathic, general, osteopathic, podiatric, radiology, sports, or veterinary medicine studies when scholarships, grants, and federal student loans aren't enough.

Cover your medical school expenses

- Apply once and get up to 100% of school-certified costs, like tuition, fees, books, housing, meals, travel, and technology for the entire school year—and no aggregate loan limit²
- No origination fee or prepayment penalty¹
- In-school or deferred payment options—pay it back now or later³
- Competitive variable or fixed interest rates available

Get repayment flexibility as you build your career

- 36-month grace period;⁴ interest capitalizes (unpaid interest is added to your loan's principal amount) at the end of the grace period
- Up to 48 months of residency and fellowship deferment³
- 12 monthly interest-only payments as you enter repayment with the Graduated Repayment Period (for eligible borrowers)⁵

Lower your total loan cost

- 0.25 percentage-point interest rate reduction when you enroll in and make monthly payments through automatic debit⁶
- 0.50 percentage-point interest rate reduction when you choose the interest repayment option versus the deferred repayment option⁴

Defer payments during residencies and fellowships

A deferment can help you postpone or reduce your Medical School Loan payments during your residency or fellowship. It's available in increments of 12 months, up to a total of 48 months.³

Get repayment flexibility

Manage your budget after school with our Graduated Repayment Period. Qualified students can choose to make 12 monthly interest-only payments as they enter repayment.⁵

Consider a cosigner

Graduate borrowers are nearly four times more likely than undergrads to be approved on their own,⁸ but finding a parent or other creditworthy individual to cosign your loan may increase your chances of getting a loan approved. Plus, we offer the industry's shortest cosigner release qualification period—you can apply to release your cosigner from the loan after you graduate, make 12 on-time principal and interest payments, and meet certain credit requirements.⁹

Apply as an international student

If you're a non-U.S. citizen student who resides in and attends school in the U.S., you're eligible with a creditworthy cosigner (who must be a U.S. citizen or U.S. permanent resident) and must provide an unexpired government-issued photo ID to verify identity.

Track your credit health

You and your cosigner will have free access to quarterly FICO® Scores online.¹⁰ You'll also see the key factor(s) affecting your score and educational content to help you understand why keeping tabs on your credit is important.

Compare the Sallie Mae Medical School Loan to the Federal Direct Graduate PLUS Loan

We encourage you to apply and compare the rates on the Sallie Mae Medical School Loan to the rate offered on the Federal Direct Graduate PLUS Loan—choose the loan that's right for you. You may get a lower rate with our medical school loan than with a Federal Direct Graduate PLUS Loan if you're a highly qualified borrower.¹¹

	Sallie Mae Medical School Loan	Federal Direct Graduate PLUS Loan ¹²
Origination fee	No	4.236% for loans first disbursed on or after October 1, 2019 and before October 1, 2020
Repayment options	Two in-school choices or defer until after school ⁴	Check studentaid.gov for available repayment options.
Enrollment status	Full-time, half-time, less than half-time	Must be at least half-time
Repayment term	20 years of principal and interest payments ⁷	10 – 25 years of principal and interest payments
Grace period	36 months ⁴	6 months
Interest capitalization at the end of the grace period	Unpaid interest capitalizes at the end of the 36-month grace period. ⁴	Unpaid interest capitalizes when repayment begins at the end of the 6-month grace period.
Benefits	<ul style="list-style-type: none">0.25 percentage-point interest rate reduction for enrolling in and making monthly payments through auto debit⁶Quarterly FICO® Credit Score for free¹⁰	0.25 percentage-point interest rate reduction for automatic debit enrollment
Residency or fellowship deferment	Deferment is available in up to 12-month increments; limited to a total of 48 months. ³	A forbearance may be available if the student meets certain eligibility requirements. See studentaid.gov for more information.
Available to cover prior loan periods	Yes, up to 365 days ¹³	Up to \$200
Free Application for Federal Student Aid (FAFSA) required	No (unless it's the school's policy)	Yes, in addition to the FAFSA, some states/colleges require additional forms or applications for aid.
Death and disability loan forgiveness	Yes, if a student dies or becomes permanently and totally disabled, the current balance of the loan will be waived.	Yes, if the primary borrower dies or becomes permanently and totally disabled, the loan will be waived if certain conditions are met.

Pay for residency expenses with a single, established lender

The Sallie Mae Medical Residency and Relocation Loan can help you pay for expenses that aren't covered by federal student loans, like your board examinations, interview travel, and moving costs. Current credit and other eligibility criteria apply. Find more information at salliemae.com/medical.

View rates and apply today at salliemae.com/medschool or call 866-675-7760

Borrow responsibly

We encourage students and families to start with savings, grants, scholarships, and federal student loans to pay for college. Students and families should evaluate all anticipated monthly loan payments, and how much the student expects to earn in the future, before considering a private student loan.

This information is for graduate students enrolled in an M.D., D.O., D.V.M., V.M.D. or D.P.M. program at participating degree-granting schools. Graduate Certificate/Continuing Education coursework is not eligible. Borrowers must be U.S. citizens or U.S. permanent residents if the school is located outside of the United States. Non-U.S. citizen borrowers who reside in the U.S. are eligible with a creditworthy cosigner (who must be a U.S. citizen or U.S. permanent resident) and are required to provide an unexpired government-issued photo ID to verify identity. Applications are subject to a requested minimum loan amount of \$1,000. Current credit and other eligibility criteria apply.
