

Happy New Year Orchard EcoVillagers!

This will be a brief update as there will be another communication coming out in the next month with details of our ground-breaking date.

Since our last update in October, the team working diligently to secure our building permit so that we can begin construction shortly after. All indications are that we will receive this permit in the next few weeks.

As mentioned in the previous newsletter, the selection of finishes will be scheduled in March/April timeframe.

Please note that the Orchard site is already an active work zone with multiple heavy equipment and workers there daily. Please exercise caution if you decide to go there in the coming weeks. We will be installing a fence and gate soon and you will be asked to schedule your visit.

Thanks,

Orchard Team
