OUM COVID-19 Office Reopening Checklist

In response to the COVID-19 pandemic, many healthcare providers are now looking at moving from significantly reduced in-office encounters to gradually phasing into increased patient interactions. In the weeks and months to come, as the pandemic begins to recede, providers will likely have questions about how best to reopen. The unprecedented nature of the COVID-19 outbreak might make navigating this process confusing and stressful, so we have developed the following checklist to help guide you through these uncharted waters.

Yes	FU	NA	STATE AND LOCAL CONSIDERATIONS	Comments/Assignment
			Use your states and local governmental offices for guidance.	
			Consider a phased opening (e.g., half normal capacity at first) based on patient demand, staffing, and supplies. See Proposed State or Regional Gating Criteria.	
П		П	CDC Recommendations for Evaluating and Testing Persons for	
ш			Coronavirus Disease.	
			CDC Clinical Questions about COVID-19: Questions and Answers.	
Yes	FU	NA	OPERATIONS	Comments/Assignment
			Check for updated information from the <u>Centers for</u> <u>Disease Control and Prevention</u> (CDC), <u>Occupational</u> <u>Health and Safety Administration</u> (OSHA), <u>Enforcement</u> <u>Guidance for Recording Cases of Coronavirus Disease</u> (USDL), <u>Centers for Medicare & Medicaid Services</u> (CMS), and other authoritative and regulatory agencies on a daily basis for updated recommendations.	
			Reinstate any professional liability, general liability, or other relevant business insurance policies and programs that were suspended during the closure.	
			Specifically, to your professional liability carrier, notify them about changes to practice (e.g., resuming full-time service, returning to original scope of practice, or permanently adding telehealth services).	
			Contact OSHA authorities for mandatory reporting of employee exposure to COVID-19 that results in a positive test. See OSHA's Enforcement Guidance for Recording Cases of Coronavirus Disease 2019 (COVID-19).	
			Review changes to billing procedures and billing codes for health insurance plans that the practice accepts.	
			Confirm readiness of office support service providers (e.g., cleaning crew, laundry service).	
			With assistance of legal counsel, evaluate and update all contracts for appropriate changes based on lessons learned from pandemic-related issues.	
			Evaluate your practice's tax return preparation status.	

			Determine whether billing procedures for health insurance plans	
		Ш	you accept have changed during your closure.	
Yes	FU	NA	INFECTION CONTROL	Comments/Assignment
			Employers of healthcare workers are responsible for	
	ш		following applicable OSHA requirements, including	
			OSHA's Bloodborne Pathogens (29 CFR 1910.1030),	
			Personal Protective Equipment (29 CFR 1910.132), and	
			Respiratory Protection (29 CFR 1910.134) standards. See	
			the Standards page for additional information on OSHA	
			requirements.	
			Check credible resources, such as the CDC and your state's	
			department of health, on a daily basis for new or revised	
			infection prevention and control recommendations.	
			Review CDC's guidance for Reopening Guidance for	
			Cleaning and Disinfecting Public Spaces, Workplaces,	
			Businesses, Schools, and Homes, or cleaning and	
			disinfecting your facility, and properly sanitize the office	
			before reopening.	
			Disinfectants for Use Against SARS-CoV-2	
			Review the cleaning vendor contract for expectations.	
			Identify the cleaning schedule moving forward.	
	П		Follow CDC's <u>return-to-work guidelines</u> for healthcare workers.	
П		П	Verify that returning employees are in good health, that they	
			were not recently exposed to COVID-19, or that they have been	
			appropriately quarantined before returning.	
			For employees previously exposed to COVID-19, take their	
		_	temperature upon entry to the office each day. No-touch	
			thermometers are recommended. Have the employees wear	
			masks.	
			Maintain social distancing as necessary. Do not permit	
			congregating in communal areas.	
Ш	Ш	Ш	Re-educate staff on infection control protocols	
			and any other essential practice	
			policies/procedures, including: The use of PPE (e.g., donning and doffing techniques).	
			Hand hygiene (e.g., washing and avoiding face touching).	
			Respiratory hygiene.	
	\Box		Ensure sufficient supplies of soap, alcohol-based rub, and paper	
	ш		towels are available for reception, waiting areas, patient care	
			areas, and restrooms.	
Yes	FU	NA	COMMUNICATIONS	Comments/Assignment
	\Box		Update your patient portal, website, email, and other	
			communication modes to alert patients that the practice	
			has reopened. Have patients call for appointments to	
			inform initial staffing needs and hours. Depending on need,	
			consider shorter hours, longer appointment times, and	
<u> </u>			evening or weekend hours.	
			Verify with your answering service that all calls/messages have	
	$\overline{\Box}$		been communicated to the practice.	
	Ш		Ensure outgoing messages reflect that the practice is	

			open again and include any changes to office hours.	
			Acknowledge patient deaths that occurred due to any cause	
			(including COVID-19). Update all patient health records as	
			needed.	
			Post signage in appropriate languages at the entrance of	
			the office to instruct patients with respiratory symptoms	
			and/or fever to notify staff immediately via telephone	
			before entering the office.	
			Follow up on films, tests, and specialist referrals made prior	
			to the closure, results received while office operations were	
			suspended, or services provided via telehealth. Ensure that	
			patients completed, or are in the process of completing,	
			studies. Review reports that arrived via EHR or other	
			communication mode for critical or urgent follow-up issues.	
Yes	FU	NA	DOCUMENTATION	Comments/Assignment
П	П	П	Thoroughly document your pandemic circumstances, decisions,	
ш	Ш	ш	and any actions taken to ensure patient care and patient/staff	
			safety.	
П		П	If you had limited or no access to your EHR system during your	
Ш	Ш	ш	office closure, add any notes to patients' records that were not	
			entered. You may be able to accomplish this by scanning your	
			handwritten notes or emailing those notes into your EHR system.	
П		П	Reorient staff to your practice's documentation policies and	
	Ш	ш	privacy/confidentiality protocols.	
Yes	FU	NA	SUPPLIES	Comments/Assignment
		_		comments, rissignment
		Ш	Be suspicious of any offers of PPE, testing, and medication	
			discounts for bulk or group purchase due to fraudulent actors	
			trying to take advantage of the crisis and its aftermath.	
		Ш	Verify that you have sufficient supplies, either in the practice or	
ш			I readily available to care for volir nationts. Re prepared for	
			readily available, to care for your patients. Be prepared for	
			shortages and delays in supply deliveries.	
			shortages and delays in supply deliveries. Begin to create a stockpile of emergency supplies and establish a

Consider laminating paper signage or placing signage in plastic sleeves for	Comments/Assignment

			Add touchless faucets, flushometers, soap dispensers, and paper	
			towel dispensers.	
		Ш	Ensure information technology (IT) systems are fully	
			functional and that your electronic health record (EHR) system	
			and office were secure during closure. Be aware of increased	
			cyberattacks as a result of hackers trying to takeadvantage of	
			this crisis.	
	Ш		Run a scan on all electronic systems to ensure no breaches have	
			taken place during this crisis.	
			Consider establishing one-way ingress/egress routes for office	
Voc	FU	NA	visits, if possible.	
Yes	FU	INA	PATIENT SELECTION AND SCHEDULING	Comments/Assignment
			Determine the services you will be able to perform safely and	
			those that will be handled via telehealth, where applicable.	
			Establish exceptions/special considerations for high-risk patients	
			and train staff on the process.	
			Evaluate your current patient educational information to reflect	
			any changes in process or information.	
			Establish patient screening processes for COVID-19. Plan to	
			maintain telehealth appointments for any symptomatic patients	
			until they are well for at least two weeks.	
			Review patients for recent hospitalizations and discharge	
			summaries that arrived via EHR, mail, or other communication	
			mode.	
			Determine how best to handle uninsured/previously	
			insured patients. Create a plan to avoid abandonment;	
			if you plan to see them and bill them, consider at what	
			rate; if you do not plan to see them, ensure you are	
			not violating any contractual or legal obligations by	
			discharging patients. Consult legal counsel related to	
			applicable federal and state laws; consider the	
			patient's clinical status. Terminating a relationship at a	
_	_		critical juncture in care is not advised.	
		Ш	Consider the patient's clinical status. Terminating a	
			relationship at a critical juncture in care is not advised.	
	ГШ	Ш	Schedule patients to ensure social distancing. Encourage patients	
			and person(s) accompanying the patient to call when they arrive	
			in the parking lot then wait in vehicle until called back to meet at	
			office entry door. You may want to keep the main door locked to	
Yes	FU	NA	prevent others from entering.	6
	-		TELEHEALTH	Comments/Assignment
			If you used telehealth during the crisis, consider whether you	
			should continue these services following the pandemic, if they	
			will be allowable.	
			If you plan to continue offering telehealth services on a new	
			secure platform, determine whether a new patient	
			agreement/consent is necessary. If yes, consider the terms of	
			the agreement, including information about when a virtual visit	
1			is appropriate and when an in-person visit is required.	

	$\overline{}$		T	Г
			Review state and federal telehealth laws and regulations,	
			telehealth billing guidelines, and risk management	
			considerations for telehealth.	
			Tailor your telehealth practice to evolving guidelines from the	
			Office of Inspector General and U.S. Department of Health and	
			Human Services.	
Yes	FU	NA	EMPLOYEES & HUMAN RESOURCES	Comments/Assignment
			Establish employee screening processes for COVID-19	
		ш	(including guidance for self-monitoring for	
			symptoms), and follow CDC guidelines regarding	
			assessment of staff eligibility to return to work.	
			Ensure that the office has sufficient personal protective	
	ш	Ш	equipment (PPE) to allow staff to perform their job functions in a	
			safe manner.	
		П	Keep in mind that otherwise healthy providers and	
	Ш	Ш	staff members may not yet be available to return to	
			work. Consider the stress (personal and	
			professional) they might be experiencing because of	
			the pandemic and trying to return to their normal	
			I	
			routines. Consider their childcare obligations,	
			including the reopening of daycare centers and	
		_	schools.	
			Assess whether the practice can afford to rehire all employees	
			and review available assistance (e.g., Small Business	
			Administration loans or state loans/grants).	
			Ensure that you have sufficient employees to properly staff the	
			office.	
			Verify that clinical employees still have active licenses,	
			registrations, and/or certificates.	
			Perform background and employment history checks for any new	
			employees hired as a result of staff turnover associated with the	
			closure.	
			Thank and praise your team often, and have frequent staff	
		Ш	meetings to check on your staff.	
			,
