

We Provide Expert, Comprehensive Support For Small Practices.

Your Best Resource
For HIPAA Security Solutions

Affordable HIPAA Compliance

Our Certified HIPAA experts guide you through a process of compliance and develop an action plan that is appropriate for your practice.

- **Security Manual**
Policies and procedures on how your office should protect the privacy of electronic patient information under the HIPAA Security Rule.
- **Risk Analysis**
Comprehensive evaluation of the physical, technical and administrative security
- **Risk Mitigation Plan**
A personalized plan to reduce the risks posed to your office.
- **Privacy Manual**
Policies and procedures on how your office should protect the privacy of personal health information under the HIPAA Privacy Rule.
- **Support & Online Training**
24/7 access to experts and online training including annual HIPAA training and Medicare Fraud Waste and Abuse training.
- **OSHA Education**
Our online Blood Borne Pathogen training qualifies for up to 1/2 CEU.

Avoid Costly Fines

A HIPAA breach can cost your practice tens or hundreds of thousands of dollars. Not when you work with us!

- **100% of doctors** who use our services **have successfully passed their audits.**
- **100% of doctors** whose legal team we've supported **have avoided fines for their HIPAA breach.**
- Federal and State investigators have accepted our HIPAA Risk Mitigation Plan and HIPAA Security Manual.

Our Goal is to ease the burden of regulatory requirements and allow you to be a doctor. We are a team of certified HIPAA experts lead by Dr. Michael Brody.
