*“All meetings of Food Industry Asia (FIA), including this one, shall be conducted in accordance with the relevant competition and antitrust laws. Members shall not enter into any discussion, activity or conduct that may infringe any applicable law.”*

By way of example, participants shall not discuss, communicate or exchange any commercially sensitive information, including non-public information relating to prices, marketing and advertising strategy, costs and revenues, trading terms and conditions with third parties, including purchasing strategy, terms of supply, trade programmes or distribution strategy.

This applies not only to discussions in formal meetings but also to informal discussions before, during and after meetings. Should the meeting discuss matters that fall outside of FIA’s legal remit or contravene its competition law policy, the Chairman will close the meeting.
