

**DELIVERS THE POWER AND PERFORMANCE YOU NEED
TO DRILL DEEPER AND FASTER!**

The new generation of reversible industrial drills with completely new ergonomical design have remarkable reduced size and weight, offering greater manoeuvrability.

Nitto Kohki air drills are silenced and are perfect for light and medium duty drilling. Complete with built-in speed control incorporated in the trigger mechanism enables maximum efficiency.

**ADR65
Reversible
Features**

- New generation reversible industrial drill
- Low vibration and comfort grip (4.9m/s²)
- Low noise levels - 87b/B (A)
- Built-in silencer
- Reversible
- Variable speed adjustment

**ADR100
Reversible
Features**

- New generation reversible industrial drill
- Low vibration and comfort grip (2.5m/s²)
- Low noise levels - 88d/B (A)
- Built-in silencer
- Reversible
- Variable speed adjustment

Air Consumption	Free Speed	Max Drilling Capacity	Weight
19.4 cfm	2,900 rpm	6.5mm	0.8kg

Air Consumption	Free Speed	Max Drilling Capacity	Weight
23.7 cfm	2,000 rpm	10mm	1.1kg

**KG-25T
Pneumatic
Straight Drill
Features**

- Excellent solution for chamfering or deburring duties in surface processing applications as well as material removal of body stripe and double-faced tape in the automotive industry
- Ideal for tyre repair work on large vehicles.
- Maximum speed of up to 3,400 rpm

Air Consumption	Free Speed	Max. Collet Size	Weight
15.9 cfm	3,400 rpm	8.0mm	0.83kg

**KDR-1301
Pneumatic
Hand Drill
Features**

- Kuken's 1/2" drill is compact and light-weight for easy handling
- With a positive action trigger for speed control, it is ideal for general drilling
- Non-reversible handle

Air Consumption	Free Speed	Max Drilling Capacity	Weight
24.7 cfm	600 rpm	13mm	2.52kg
