

Connecting Students to YOUR Services

Unlock the true value of your untapped resources and reach your full potential related to student success and safety, faculty support, academic program innovation and much more. Whether you need a gradual modernization or a full-scale campus-wide initiative, we work closely with higher education institutions to support your strategic initiatives by:

- Increasing your retention and graduation rates
- Connecting more students to your services
- Improving the time to degree performance
- Ensuring students feel safe on campus
- Providing insights on demand levels and resource utilization

POWERING ACADEMIC SUPPORT SERVICES

Although the role of academic support services continues to grow, your budget and staff resources don't always follow. Discover a cost-effective, flexible solution that can be leveraged for a wide range of student support services including:

- Tutoring (Peer, Teacher, Outsourced)
- Coaching, Mentors & Advising
- Peer Connections
- Writing Support
- Assignment Review
- Supplemental Instruction
- Virtual Office Hours
- Wellness Support
- Athletic Student Learning
- And more...

Introducing QuadC for Academic Affairs

QuadC for Academic Affairs helps to ensure that your quality academic programs are readily accessible to all students, by making scheduling, booking and connecting them to support resources available anytime, anywhere.

Key Platform Features:

Appointment Scheduling

Reduce time and resources spent on back-and-forth emails, setting up manual reminders and more. With a simple, online scheduling tool for your team, managing calendars and appointments has never been easier.

- In-person or virtual
- Calendar Mgmt
- Single sign-on

1 on 1 Video

Easily support and manage connecting students to the resources available; from scheduled appointments to drop-in hours. With online booking and real-time video chat, you can enable connectivity anytime and from anywhere.

- Peer-led tutoring
- Coaching and advising
- Collaborative whiteboard

Video Conferencing

Deploy a secure, cloud video communications platform supporting up to 100 participants in a virtual classroom. Ideal for larger training and group collaborations.

- Easy to use and setup
- Share and present files
- Secure, cloud-based

Online Reporting

Deploy an online reporting system to help students, faculty, staff, families, and friends submit reports about student/teacher conduct, grievances, discrimination, distress and more.

- Track complaints, misconduct and grievances
- Enable anonymous submissions
- Support students in crisis or distress

Analytics and Insights

Gain insights into student learning and be able to justify program augmentations to the university/college community.

- Measure impact by comparing GPA's term by term
- Easily monitor your service utilization
- Improve at-risk students and drop-out rates

Compliance and Security

We leverage the latest technologies and standards to ensure your student data remains private and secure.

- End to end encryption
- Dedicated servers in the US and in Canada
- FERPA compliance
