

# Connecting Student-Athletes to YOUR Support Services

Ensure success both in competition and the classroom for your student-athletes. This is accomplished within a proactive success-driven environment that delivers quality academic services and diverse programming using the latest tools while connecting with student-athletes the best way they work. From on-campus to on-the-road, unlock the true value of your untapped support service resources to ensure athletes maintain their best both in-person and online. We can help:

- Increase your recruitment success rates
- Connect student-athletes to all your support services
- Improve academic performance with 1:1 help
- Fit easily into student-athletes' busy schedules
- Monitor service and resource usage to help meet demand levels

**Powering Athlete Support Services**

From recruitment to graduation, student-athlete support services play a critical role in academic and personal developments. Discover a cost-effective, flexible solution that can be leveraged for a wide range of student-athlete support services including helping Division I schools increase their share of NCAA revenue that is tied to academic achievement:

- Tutoring (Peer, Teacher, Outsourced)
- 1:1 Coaching, Mentors & Advising
- Remote Learning
- Writing Support
- Stress Management
- Wellness Support
- Academic Success
- Career Planning
- Professional Development
- And more...

## Introducing QuadC for Student-Athlete Support Services

QuadC for Student-Athlete Support Services helps you to easily set up, deliver and monitor all your services and resources. Leverage the latest in support services technologies to manage all your athlete support services workflows, assets and reports - all in one easy to use solution. Let's help your student-athletes on and off the field!

### Key Platform Features:

#### Appointment Scheduling

Reduce time and resources spent on back-and-forth emails, setting up manual reminders and more. With a simple, online scheduling tool for your team, managing calendars and appointments has never been easier.

- In-person
- Virtual
- Calendar Mgmt

#### Learning Plans

Enable your support staff to easily build and track custom programs with resources depending on the needs of your athletes. Collect mid-term grades and academic progress reports to provide early intervention and support if difficulties arise.

- Academic Advising
- Academic Monitoring
- At-Risk Students Programs

#### 1 on 1 Video

Easily support and manage connecting students to the resources available; from scheduled appointments to drop-in hours. With online booking and real-time video chat, you can enable connectivity anytime and from anywhere.

- Peer-led tutoring
- Support weekly coaching and advising
- Collaborative whiteboard

#### Video Conferencing

Deploy a secure, cloud video communications platform supporting up to 100 athletes in a virtual classroom. Ideal for larger training, coaching and group collaborations.

- Easy to use and set up
- Share and present files
- Secure, cloud-based

### **Analytics and Insights**

Gain insights into student-athlete learning and be able to justify program augmentations to the university/college community.

- Measure impact by comparing GPA's term by term
- Track minimum credit hours per year
- Improve progress towards earning a degree

### **Compliance and Security**

We leverage the latest technologies and standards to ensure your student-athlete data remains private and secure.

- End to end encryption
- Dedicated servers in the US and in Canada
- FERPA Compliant

## **Request a FREE Demo!**

Our mission is to empower people to share their knowledge with those who are keen to learn - wherever they are in the world. We strongly believe it takes a community to build a community and higher education institutions are the greatest environment to foster those beliefs.
