Edwards Business Systems Earns BBB Accreditation

BETHLEHEM, PA – Edwards Business Systems (EBS) has announced that it has recently been accredited by the Better Business Bureau (BBB). Becoming a BBB Accredited Business, EBS is dedicated to promoting trust in the marketplace and ensuring the company operates at the highest standards of business.

According to a recent BBB study by Nielson, nearly 83% of U.S. consumers are more likely to make a purchase from a business that is a BBB Accredited business. Plus, the BBB is a resource for the public, providing trustworthy, unbiased information about businesses.

“We are pleased to be named a BBB Accredited Business because we value building trust with our clients,” said Ray Fuentes, President of Edwards Business Systems. He continued “Our BBB Accreditation gives our clients confidence in our commitment to maintaining high ethical standards of conduct. In fact, our Mission Statement is built on the belief that we must do the best for our clients and to completely satisfy them by providing quality business systems and superior services. This goes hand in hand with our stature as a BBB Accredited Business.”

Edwards Business Systems is part of the BBB serving Metro Washington DC and Eastern PA. EBS's sister company, Virginia Business Systems is also a BBB Accredited Business through the BBB of Central Virginia.
