### Edwards Business Systems Named an Elite Dealer by *ENX Magazine*

Bethlehem, PA – Edwards Business Systems (EBS) of Pennsylvania has been named one of the country’s **Elite Dealers** by *ENX Magazine* and *ENX The Week in Imaging*. The award is presented annually by the publication to the top office equipment dealers in the U.S. According to the managing editor, Susan Neimes, the prestigious **2019 Elite Dealer** awards were selected from a record number of entries. “In our eyes, an Elite Dealer makes a concerted effort to produce a winning experience for not just its clients, but its employees and vendors as well,” said Ms. Neimes. “A defined corporate culture and a willingness to embrace new technologies – and share them with their client base – also goes a long way. There’s no one ingredient behind an Elite Dealer – it’s a confluence of many factors that lifts these performers above the rest.”

**Edwards Business Systems** has been named an Elite Dealer for the last 20 years. Proud of their achievement, Ray Fuentes, President of Edwards Business Systems said, “Our company has continually been at the forefront of developing cost effective, efficient, quality solutions for our client’s document management needs. It’s not just about equipment and software; it is about knowledge, service and fast forward document solutions.” Mr. Fuentes continued, “This award could only have been possible through the commitment of our team. Our employees continually strive to deliver the best in quality, technical support and dedication to our clients.”

This year’s Elite Dealer honorees encompass dealerships with revenues of less than \$5 million a year to those with revenues of more than \$50 million. Elite Dealers are the entrepreneurs, innovators, top sellers, and celebrated members of the communities in which they work and provide office technology, software, and services to businesses and organizations of all sizes. Their selection is based on several criteria, including marketing prowess, digital transformation, leaderships, work environment, technology and customer service. Top dealers also do a terrific job of donating time and money to their local and national charitable organizations and causes, have a nurturing work culture, treat their employees well, and offer innovative marketing programs.
