

# Academic Experience and Expertise

Our team has decades of experience when it comes to delivering accurate building documentation for academic buildings. **We've had the privilege to work on some of the most historic and high profile academic projects in the United States**, and we know what's required to get the job done right. Below is a selection of relevant projects we have measured and modeled in recent years.

1. **Yale University**, New Haven, CT, measured over 4,000,000 sq. ft. total across 24 buildings
2. **Williams College**, Williamstown, MA, model of the full campus, more than 3,500,000 sq. ft.
3. **Tufts University**, Boston, Medford, & Grafton, MA, model of the full campus, 3,000,000 sq. ft.
4. **Emerson College**, Boston, MA, model of the full campus, approximately 1,200,000 sq. ft.
5. **Wellesley College**, Wellesley, MA, modeled the entire Science Center, roughly 217,000 sq. ft.
6. **Harvard Business School**, Boston, MA all residential Units, measured over 350,000 sq. ft.
7. **University of California at Berkeley**, Berkeley, CA, more than 250,000 sq. ft. of space
8. **Massachusetts Institute of Technology**, Cambridge, MA. 54 buildings totaling 220,000 sq. ft.
9. **Notre Dame University**, Notre Dame, Indiana, model of the Law School campus, 100,000 sq. ft.
