

**VINTAGE**  
Upholstery Leather

## About the leather

---

VINTAGE is a natural heavyweight leather with a thickness of 1.4 to 1.6 mm. Since VINTAGE is only drum-dyed and doesn't get a pigmentation finish, all colour variations, scars from insect bites, horns, etc. are preserved. This makes the article VINTAGE so unique. Also the patina and signs of usage that can appear over time are a sign of this leather quality. The softness and the velvety grip also emphasize the naturalness of this exceptional upholstery leather.
