Talent attraction

- Attract the best talent with unbeatable candidate experience. Get an intuitive application journey that increases engagement and reduces application drop-outs
- Beautiful careers pages and a simple application process, means you can attract and hire the best talent

Vacancy creation

- With a completely brandable and configurable applicant journey, smart job templates and vacancy approval system, you can streamline your job creation process

Candidate selection

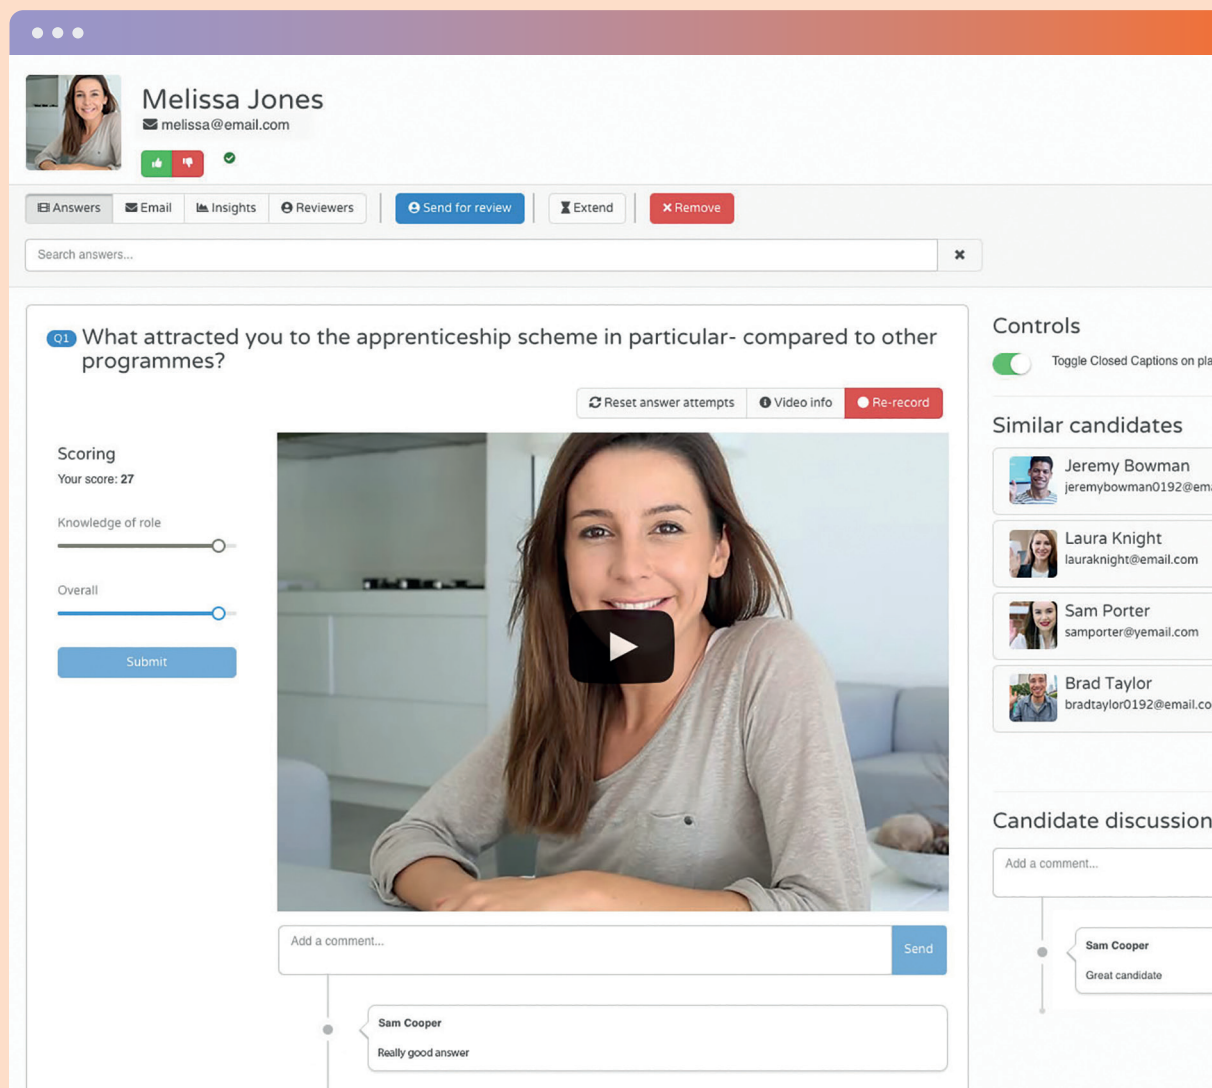

- Highlight and select the best candidates through your pre-defined scoring, whilst our real-time dashboards make the recruitment pipeline transparent
- Remove the admin burden from your team through automated candidate communication and interview scheduling
- Use anonymous applications to ensure diversity requirements are fulfilled and the best hiring outcomes achieved
- Get access to a huge range of selection tools, from aptitude and psychometric testing to right-to-work checks with our extensive list of partners and integrations

Reduce your first stage hiring costs by up to 90% while maintaining the human touch.

- Interview more candidates, faster and consistently
- Interview anywhere, anytime, on any device, with no downloads
- Get the process you want using one-way and live two-way interviewing
- Interview candidates in other countries, with built-in smart translations
- Built in-house and integrates seamlessly with the ATS, or use as a standalone tool

- Review and score video answers to quickly identify top talent
- Innovative AI features to identify personality types
- Interview candidates in other countries, with built-in smart translations
- Built in-house and integrates seamlessly with the ATS, or use as a standalone tool

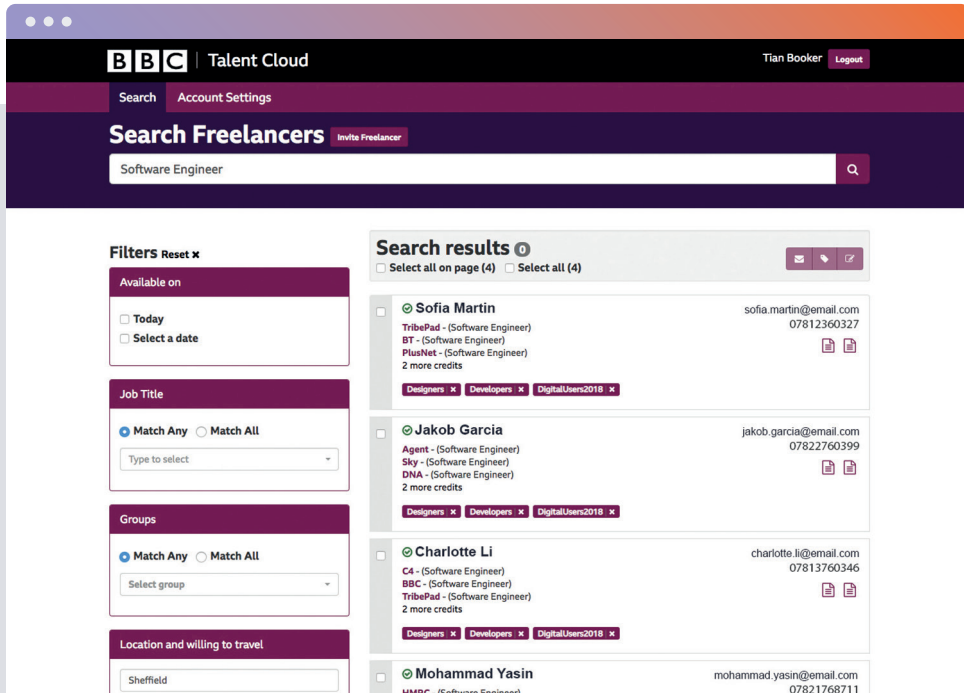

Onboarding

Deliver an exceptional experience for new starters.

- Improve retention and reduce drop out. New starters will feel more confident and excited, with an improved understanding of the company, culture and role responsibilities
- Create a great experience and reduce time and admin onboarding
- Issue contracts and new-starter welcome tasks, documents and videos
- Know that your new employees feel ready and welcomed, after receiving a great first impression
- Always give your employee the right information so they can hit the ground running on their first day
- Intuitive dashboards for new employees, managers and HR
- Collect key employee information, references and confirm policy acceptance
- Audit and report on new-starter process compliance including background checks

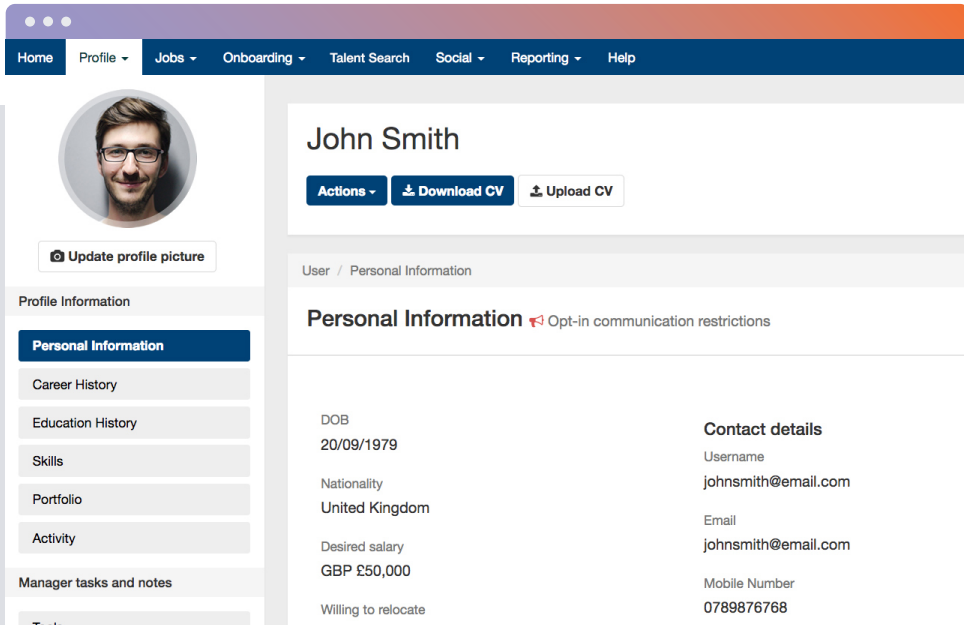

Contractor Management

Replace your spreadsheets and disparate databases of freelance candidates for good. Tribepad Flex, makes it easy to source, organise and manage your flexible workforce in an efficient, secure and compliant way.

- Search contractor profiles, credentials and previous experience
- Check contractor availability, then invite and appoint to your projects
- Smooth contractor onboarding and background checking, whilst maintaining GDPR compliance
- Audit your projects and placements, approve payments and generate invoices

Talent Search

Find and hire the best talent, with processes customised to each role.

- Nurture candidates in your talent pools, attract passive talent
- Powerful ATS talent search capability that can search two million CVs in a second
- Easily filter and review candidates by their skills, experience and qualifications

Recruitment Chatbot

Save time and give candidates a better experience,

- Improve your candidate experience
- More relaxed and conversational application process
- Available to help candidates 24/7
- Save recruiters time to focus on valuable tasks, seamless integration with careers pages and our ATS

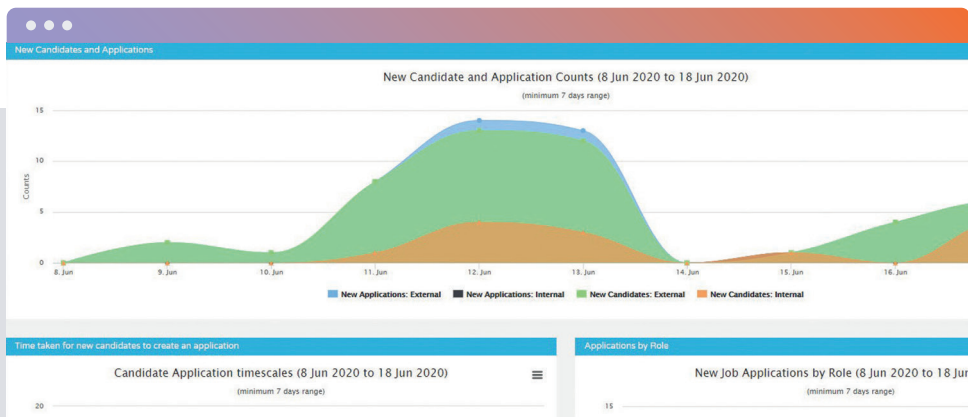

Reporting

Our Insights reporting suite is included as standard, and gives you a powerful set of reports, with real-time data at your fingertips. Easily report on diversity compliance, time-to-hire, cost of acquisition and source optimisation.

- Make smarter recruitment decisions. Get the data you need quickly
- Understand what's happening now with a real-time view of your recruitment funnel
- Stop wasting money. Understand your agency and job board costs
- Get the best people. Monitor and report on diversity and candidate experience
- Keep everyone in the know with data that's simple to export and analyse
- Schedule and automate sending of reports to your teams
- Report on anything. Get the data you need with customisable reports

Career Sites

Fully branded Career sites, customised for your organisation.

- A beautiful and easy to use place to advertise your roles
- Optimised for search engines
- Built to attract candidates and showcase you and your company
- Create content pages with images and videos
- Intuitive and mobile-optimised designs
