## Key Product Features

**Say goodbye to complicated payroll.** Are you fed up of unclear payroll and no At Optimum Pay Group, we believe payroll should be simple, compliant and straightforward for everyone. Each of us relies on our pay every single day, month and year. It should be on time, accurate and easy to understand. Our aim is to make this happen.

**Award-winning services.** We pride ourselves on giving the best support and advice to our clients and employees, as well as ensuring our solutions are innovative and compliant with HMRC. We have won several awards, including the 'Best finance and payroll provider' and 'Award of Excellence'.

**Global payroll solutions, with a personal touch.** International payroll solutions across multiple countries has its challenges. With so many variations, complex regulations and frequency of payments, a lot of time and expertise is required to accurately and compliantly process your payroll. Our experts utilise our extensive global network and work alongside you to build a tailored payroll solution that works for you and your business. Worldwide payroll solutions, with a personal touch.

**Personalised and scalable.** With years of experience in international payroll processing, we understand it's a crucial means of communicating with your overseas workforce and an important part of moving your business forward. This is why our payroll solutions are simple and scalable, so as well as helping you grow, they'll grow with you no matter where you are.

**Brand new payroll calculator.** You asked, we listened. We've built an accurate, reliable and compliant calculator for agencies and recruiters to use. Instead of needing to purchase payroll software, our clients can use our calculator for free to find the best payroll options for works, including PAYE, Umbrella, Limited or CIS.
