

# Keep Community Members Apprised of Public Meetings and Encourage Participation in the Process

Local governments have a significant—but underestimated—impact on the day-to-day lives of those who live, study, and work within their boundaries. Cities and counties must engage constituents in the legislative and decision-making process, yet it's challenging for officials to create a seamless experience for residents in the digital era and to remove barriers to involvement.

PrimeGov offers an out-of-the-box, holistic solution that empowers government officials to manage the front- and back-end of the engagement process and make it easier for government officials and constituents to communicate with each other
